This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. PROOFS.

"In regard to the office furnished me by your company, I can only say that my opinion of it has never changed. I considered it at the time I purchased it a model of beauty and convenience, and the use of it for nearly *two years* has only strengthened that opinion. It has received the highest praise from every official of the Post Office Department who has examined it. The material of which it is constructed has been proven to be of good quality, by the fact that although the room is kept quite warm, the joiner work is nearly as perfect as the day it was set up"

February 6, 1879. DOUGLASS SMITH, P. M., Wilkesbarre, Pa.

"The fixtures furnished by you THREE YEARS AGO for this office have given entire satisfaction in every way, the lock boxes and all, being in JUST AS GOOD WORKING ORDER AS ON THE DAY THEY WERE PUT UP." G. FARMER, P. M., Hoboken, N. J.

January 8, 1879.

"The work gives good satisfaction, *is not affected by use*, and holds its appearance well. Everything works to a T." A. F. GRAVES, P. M., Red Wing, Minn.

January 31, 1879. (*The above office was fitted up in September*, 1874.)

"TO-DAY I put the cabinet of Lock Boxes in my office. They are so well liked that I am *compelled to get another set.* You will please make me a cabinet of No. 3 Lock Boxes in time to have them put in on or before July 1 next." L. C. SMITH, P. M., Slatington, Pa.

May 14, 1879.

"The Post Office Outfit, consisting of 600 Call and 62 Lock Boxes, with complete Money-Order and General Delivery Equipment, furnished by your company for this office, has been placed in position. To say that I am well pleased with my purchase does not convey the full idea of my satisfaction. The contract made with your Company was fully met. In short, the equipment is not only beautiful, *but in every way convenient, and adapted to the wants and cares of a postmaster.* My Lock Boxes rented so rapidly at an increased rental, that I may have to order more."

June 2, 1879. C. V. R. POND, P. M., Quincy, Mich.

SUGGESTIONS TO THE PUBLIC.

1. Mail all letters, etc., as early as practicable, especially when sent in large numbers, as is frequently the case with newspapers and circulars. The trouble of the post office is much diminished if letters, when mailed in large numbers, are tied in bundles, with the addresses all in one direction.

2. Make the address legible and complete, giving the name of the post office, county, and State. The name of the street and number of the house should also be given on letters addressed to cities where letter-carriers are employed; while the letter will eventually reach its destination without a number, the omission is often a cause of hesitation and delay. In the case of letters for places in foreign countries, the name of the country as well as the post office should be given in full. Letters addressed, for instance, merely to "London," without adding "England," are frequently sent to London, Canada, and *vice versa*, thereby causing delay, and often serious loss.

3. Publishers and news-agents posting second-class matter in quantities will facilitate its distribution, and often hasten its dispatch, by separating such matter by States and Territories and the larger cities.

4. Avoid using, as much as possible, cheap envelopes, made of thin paper, especially where more than one sheet of paper, or any other article than paper, is inclosed. Being often handled, and even in the mail-bags subject to pressure, such envelopes not unfrequently split open, often giving cause of complaint against officials who are entirely innocent in the matter.

5. Never send money or any other article of value through the mail, except either by means of a money-order or in a registered letter. Any person who sends money or jewelry in an unregistered letter not only runs a risk of losing his property, but exposes to temptation every one through whose hands his letter passes, and may be the means of ultimately bringing some clerk or letter-carrier to ruin.

6. Provide, in cities where letter-carriers are employed, letter-boxes at places of business or private residences, thereby saving much delay in the delivery of mail-matter.

7. When dropping a letter, newspaper, etc., into a street mailing-box, or into the receptacle at a post office, always see that the packet falls into the box and does not stick in its passage; observe, also, as a finality, whether the postage stamps remain securely in their places.

8. Mail-matter deposited in any receptacle erected by the Post Office Department, such as street mailing-boxes for the reception of mail-matter to be collected by letter-carriers, or boxes in railroad depots for the reception of matter to be collected by railway mail service employees, cannot be reclaimed by any one under any circumstances. On all such receptacles erected in railroad depots a notice should be affixed that the same is not in-

tended for the reception of matter for city delivery. Persons depositing letters therein, intended for city delivery, do so at their own risk, and cannot reclaim them except through the Dead Letter Office.

9. See that every letter contains *the full name and post office address of the writer, with county and State*, in order to secure the return of the letter, if the person to whom it is directed cannot be found. A much larger portion of the undelivered letters could be returned if the names and addresses of the senders were always either fully and plainly written inside or embossed on the envelopes. Persons who have large correspondence find it most convenient to use "special request envelopes," but those who only mail an occasional letter can avoid much trouble by *writing* a request to "return if not delivered," etc., on the envelope.

10. Postage stamps should be placed on the upper right-hand corner of the address side of all mail-matter.

11. Postmasters are not obliged to accept in payment of postage stamps or stamped envelopes, wrappers, etc., any currency which may be so mutilated as to be uncurrent, or the genuineness of which cannot be clearly ascertained. They are not obliged to receive more than twenty-five cents in copper or nickel coins. They are not obliged to affix stamps to letters, nor are they obliged to make change except as a matter of courtesy Neither should they give credit for postage.

12. In using postal cards, be careful not to write or have anything printed on the side to be used for the address, except the address; also be careful not to paste, gum, or attach anything to them. They are unmailable as postal cards when these suggestions are disregarded. Under section 15, Act July 12, 1876, an address may be affixed to postal cards.

13. To insure a letter being forwarded in the mails, it must have not less than three cents in postage stamps affixed. The word "Paid" indorsed on a letter is not regarded at the post office of delivery; letters so marked, and not having any stamp affixed, are treated as unpaid.

14. A postmaster has no discretionary power for the remission of penalties or overcharges on mail-matter. Under special circumstances cases will undoubtedly occur in which the strict observance of a general rule may inflict more or less injustice upon individuals. In such cases the postmaster should advise the party to appeal directly to the First Assistant Postmaster General, he himself keeping, if possible, a record of the facts, so that he may verify or disprove the statement of the party appealing. The mail-matter upon which the appeal may be taken should remain in the possession of the post office until after the decision of the First Assistant Postmaster General, though circumstances may present themselves where the matter should be delivered pending a decision.

15. Letters cannot be carried out of the mail except in postage-stamped envolopes. There is no objection to a person who is not acting as a common carrier carrying a sealed letter, whether in a stamped envelope or not; but to continue the practice, or receive money for so doing, would subject the party to a penalty of one hundred and fifty dollars. Newspapers, magazines, and periodicals may be carried out of the mail for sale or distribution to subscribers, but if they are put into a post office for delivery the postage must be paid thereon.

16. The delivering of letters is not controlled by any statutory provision, but by the rules and regulations of the Post Office Department; and the object of the Department is to insure and facilitate such delivery to the person for whom they are intended. In the

case of money-orders and registered letters, the parties applying for them, if not known, should be required to prove their identity in the same manner as in banking institutions, where parties presenting drafts, checks, etc., who are not known, are required to prove their identity. In the case of advertised letters, parties applying should be questioned as to the place or places from whence they may be expecting correspondence. In the general delivery of a post office, the postmaster should exercise a sound discretion in the delivery of letters to persons claiming to be the persons named in the address, and who may not be known to him.

17. Letters addressed to persons temporarily sojourning in a city where the Free Delivery System is in operation, should be marked "transient," *Post Restante*, or General Delivery, if not addressed to a street and number or some other designated place of delivery.

18. Hotel matter must be returned to the post office as soon as it is evident that it will not be claimed.

19. Proprietors of hotels, officers of clubs and of boards of trade or exchanges, should not hold unclaimed letters longer than ten days, except at the request of the person addressed. When such letters are returned to the post office they should be redirected for forwarding, and in the absence of more definite information as to where the person addressed may be found, the new address may be taken from the hotel register.

20. A subscriber to a newspaper or periodical who changes his residence and post office should at once notify the publisher and have the publication sent to his new address.

21. First-class matter upon which one full rate of postage has been prepaid and all other fully prepaid matter may be forwarded from one post office to another at the request of the party addressed; but matter of the second, third, and fourth classes can only be returned to the sender when the postmaster at the post office of its destination is furnished with return postage. A request may be written or printed upon such matter that the postmaster will notify the sender of non-delivery and of the amount of postage which must be forwarded to insure its return. A request to return such matter cannot be regarded.

22. All inquiries, whether from postmasters or the public, relative to lost or missing mail-matter of every description, both foreign and domestic, ordinary and registered, should be addressed to the Chief Special Agent, Post Office Department, Washington, D. C., to whom all losses or irregularities should be reported as soon as knowledge is had of their occurrence.

23. All inquiries or communications relative to mail-matter which is known to have been sent to the Dead Letter Office should be addressed to the Third Assistant Postmaster General.

24. In both cases the letter of inquiry must state to whom and what post office the article was addressed, and give the name and full address of the writer or sender, the date and place of mailing, and a brief description of the contents. If it is known when the missing matter was sent to the Dead Letter Office, the date and the reason should be given. If registered, the number should also be furnished.

25. If all losses are promptly reported it will be the means of correcting irregularities, and the interests of the public, as well as the efficiency of the postal service, will be enhanced in a most important degree.

26. Packages of third and fourth class matter, except single books, may weigh not exceeding four pounds.

27. Packages of mutilated currency addressed to the Treasurer of the United States for redemption may be registered free of charge for registry, but the postage thereon must be prepaid at letter rates.

28. It is much to be desired that the management of newly completed lines of railroad should consult the Post Office Department in regard to the names of stations; if the names of stations in all cases correspond with those of the post offices in whose delivery they are, much confusion and annoyance will be saved to the Department and the public.

RATES OF POSTAGE ON DOMESTIC MAIL-MATTER.

The following are the rates of postage chargeable on DOMESTIC mail-matter of the different classes: —

The mode of computing the rates upon inland letters (*i. e.* letters from one office within the United States or Territories to another), is as follows, to wit: Single rate if not exceeding half an ounce; double rate if exceeding half an ounce, but not exceeding an ounce; treble rate if exceeding an ounce, but not exceeding an ounce and a half; and so on, charging an additional rate for every additional half ounce or fraction of half an ounce.

A single rate of three cents is uniformly established on domestic letters.

At the post office where letters brought by vessels or steamboats not employed in carrying the mail from any domestic or foreign port are deposited, they will be charged with double rates of postage, to be collected at the office of delivery — that is to say, six cents for the single weight if mailed, and four cents the single weight if delivered at the office; but if such letter has been prepaid by United States stamps at such double rate of postage, no additional charge will be made. If only partly prepaid by stamps, the unpaid balance will be charged and collected on delivery.

If such letter is addressed to any point in a foreign country no fee will be allowed thereon by the postmaster to the carrier.

FIRST-CLASS MATTER.

Matter which is in writing, or other matter containing a written inscription in the nature of personal correspondence, and matter which is sealed against inspection, are alone by their nature and the intent of the law first-class matter, and subject to the postage rate of **three cents for each half ounce or fraction thereof.**

On local or drop letters, at offices where free delivery by carriers is established, **two cents for each half ounce or fraction thereof.**

On local or drop letters, at offices where free delivery by carriers is not established, **one cent for each half ounce or fraction thereof.**

SECOND-CLASS MATTER.

Mailable matter of the second class embraces all newspapers and other periodical publications which are issued at stated intervals, and as frequently as four times a year, and are within the following conditions: —

First. It must regularly be issued at stated intervals, as frequently as four times a year, and bear a date of issue, and be numbered consecutively.

Second. It must be issued from a known office of publication.

Third. It must be formed of printed paper sheets, without board, cloth, leather, or other substantial binding, such as distinguish printed books for preservation from periodical publications.

Fourth. It must be originated and published for the dissemination of information of a public character, or devoted to literature, the sciences, arts, or some special industry, and having a legitimate list of subscribers: *Provided, however*, that nothing herein contained shall be so construed as to admit to the second-class rate regular publications designed primarily for advertising purposes, or for free circulation, or for circulation at nominal rates.

Regular publications, designed primarily for advertising purposes, within the intendment of the preceding paragraph, are defined to be —

First. Those owned and controlled by one or several individuals or business concerns, and conducted as an auxiliary, and essentially for the advancement of the main business or calling of those who own or control them.

Second. Those which, having no genuine or paid-up subscriptions, insert advertisements free, on the condition that the advertiser will pay for any number of papers which are sent to persons whose names are given to the publisher.

Third. Those which do advertising only, and whose columes are filled with long editorial puffs of firms or individuals who buy a certain number of copies for distribution.

Fourth. Pamphlets containing market quotations, and the business cards of various business houses opposite the pages containing such quotations.

Whenever a postmaster is in doubt as to the character of a publication offered for mailing at the second-class rate, he will submit a copy of the same to the First Assistant Postmaster General, and accompany it with a statement of such facts as he may be in possession of respecting its publication, and the reasons for his inability to decide as to its character. The First Assistant Postmaster General will also decide any appeal from the decision of a postmaster by publishers, whose publications have been excluded from the second class by the action of the postmaster.

Publications of the second class, except as provided in the next paragraph, when sent by the publisher thereof, and from the office of publication, including sample copies or when sent from a news-agency to actual subscribers thereto, or to other news agents, shall be entitled to transmission through the mails at two cents a pound or fraction thereof, such postage to be prepaid, as now provided by law.

Publications of the second class, one copy to each actual subscriber residing in the county where the same are printed, in whole or in part, and published, shall go free through the mails; but the same shall not be delivered at letter-carrier offices, or distributed by carriers, unless postage is paid thereon at the rate prescribed in the preceding paragraph: *Provided*, that the rate of postage on newspapers (excepting weeklies), and periodicals not exceeding two ounces in weight, when the same are deposited in a letter-carrier office for delivery by its carriers, shall be uniform at one cent each; periodicals weighing more than two ounces shall be subject, when delivered by such carriers, to a postage of two cents each, and these rates shall be prepaid by stamps affixed.

Periodical publications on their receipt at the office of mailing shall be weighed in bulk, and postage paid thereon by a special adhesive stamp to be devised and furnished by the Postmaster General, which shall be affixed to such matter, or to the sack containing the same, or upon a memorandum of such mailing, or otherwise as the Postmaster General may, from time to time, provide by regulations.

Publishers and news-agents must tender their newspapers and periodicals intended to be sent through the mails at the office of mailing, so that they may be weighed in bulk. The postage thereon must then be prepaid, according to the weight of the matter to be mailed, *by special adhesive stamps known as newspaper and periodical stamps*, which are furnished by the Department to postmasters for that purpose. *Ordinary postage stamps cannot be used for such matter*, nor can the newspaper and periodical stamps be used for any other purpose. After weighing the mail-matter thus received, and collecting the proper amount of postage thereon, the postmaster will give a receipt to the party mailing from a book of forms to be furnished by the Department. The stamps will then be affixed to the stub of the receipt, *and at once effectually canceled.* The stub books are to be kept permanently in the post office, ready to be produced whenever demanded by the Department. The stamps attached thereto must never be removed, nor the books disposed of otherwise than as directed by the Department.

Postmasters will also be required to render promptly at the close of each quarter, on blank forms furnished for the purpose, a statement of postage collected from each publisher or news-agent during the quarter.

The special adhesive stamps, or newspaper and periodical stamps, as they have been termed, will be charged to postmasters and accounted for in the same manner as ordinary postage stamps issued for sale to the public.

The weights of the sacks usually employed for this purpose (transmitting newspapers and periodicals from the office of publication to the post office) have been ascertained, by actually weighing them, to be as follows:—

	Lbs.	oz.
No. 1, jute sack	2	8
No. 2, jute sack	2	0
No. 1, cotton	3	4
No. 2, cotton	2	8

Postmasters are authorized to deduct the weights of the sacks as fixed above.

POSTAGE ON SECOND-CLASS MATTER AT FREE-DELIVERY POST OFFICES.

Mailable matter of the second class, deposited in a letter-carrier post office for local delivery, shall be delivered through boxes or the general delivery on prepayment of postage at the rate of two cents per pound, but when delivered by carriers the following rates must be prepaid by postage stamps affixed: On newspapers (except weeklies), one cent each, without regard to weight; on periodicals not exceeding two ounces in weight, one cent each; on periodicals exceeding two ounces in weight, two cents each. The rate on weekly newspapers of the second class, deposited by the publisher in a letter-carrier post office for local delivery, is two cents per pound, whether the same are delivered by carriers or through boxes or the general delivery.

Second-class matter for city delivery, where the carrier system is established, should be separately made up at the office of publication, — that for delivery by the carriers of a post office being put in one package or bundle, — each article of mail-matter therein properly stamped, and that for delivery through the boxes of the post office by itself. If the separation is not made at the office of publication, each paper or periodical not properly stamped must be placed in the boxes or at the general delivery for delivery therefrom.

Postmasters at other than letter-carrier post offices are obliged to receive and deliver local (free county) publications from the boxes or general delivery of their offices free of postage, provided the same are properly dried, folded, and addressed.

Sample copies of any publication cannot be mailed free in the county; they must be prepaid at the rate of two cents per pound. Whether to be mailed in or out of the county, they should be put up in single wrappers, and each package addressed to a person or firm should be plainly marked, in printing or writing, SAMPLE COPY.

Mailable matter of the second class shall contain no writing, print, mark or sign thereon, or therein, in addition to the original print, except as herein provided, to wit, the name and address of the person to whom the matter shall be sent, and index figures of subscription book, either written or printed, the printed title of the publication, the printed name and address of the publisher or sender of the same, and written or printed words or figures, or both, indicating the date on which the subscription to such matter will end.

THIRD-CLASS MATTER.

Mail-matter of the third class embraces books (printed and blank), transient newspapers and periodicals, circulars, and other matter wholly in print, proof-sheets and corrected proof-sheets and manuscript copy accompanying the same, prices current with prices filled out in writing, printed commercial papers filled out in writing (provided such writing is not in the nature of personal correspondence), such as papers of legal procedure, deeds of all kinds, way-bills, bills of lading, invoices, insurance policies and the various documents of insurance companies, hand-bills, posters, chromo-lithographs, engravings, envelopes with printing thereon, heliotypes, lithographs, photographic and stereoscopic views with title written thereon, printed blanks, printed cards; and postage shall be paid thereon at the rate of one cent for each two ounces or fractional part thereof.

Upon matter of the third class, or upon the wrapper inclosing the same, the sender may write his own name or address thereon, with the word "from" above and preceding the same, and in either case may make simple marks intended to designate a word or passage of the text to which it is desired to call attention. There may be placed upon the cover or blank leaves of any book or of any printed matter of the third class a simple manuscript dedication or inscription that does not partake of the nature of a personal correspondence.

The "nature of a personal correspondence" referred to in the preceding section cannot be ascribed to the following, viz: 1st. To the signature of the sender or to the designation of his name, of his profession, of his rank, of the place of origin, and of the date of dispatch. 2d. To a dedication or mark of respect offered by the sender. 3d. To the figures or signs merely intended to mark the passage of a text, in order to call attention to them. 4th. To the prices added upon the quotations or prices current of exchange or markets, or in a book. 5th. To printed commercial papers, filled out in writing, circulars, hand-bills, etc. 6th. To instructions or requests to postmasters to notify the sender in case of the non-delivery of matter, so that he may send postage for its return. 7th. Lastly, to annotations or corrections made upon proofs of printing or musical compositions, and relating to the text or to the execution of the work.

All packages of matter of the third class must be so wrapped, with open sides or ends, that their contents may be readily examined by postmasters.

Third-class matter may be registered. See chapter on Registration.

The limit of weight of packages is four pounds, except in cases of single volumes of books in excess of said weight, and books and documents published or circulated by order of Congress, or official matter emanating from any of the Departments of the Government, or from the Smithsonian Institution.

FOURTH-CLASS MATTER.

Mailable matter of the fourth class embraces blank cards, card-board and other flexible material, flexible patterns, letter envelopes and letter-paper without printing thereon, merchandise, models, ornamented paper, sample cards, samples of ores, metals, minerals, seeds, cuttings, bulbs, roots, scions, drawings, plans, designs, original paintings in oil or water colors, and any other matter not included in the first, second, or third classes, and which is not in its form or nature liable to destroy, deface, or otherwise damage the contents of the mail-bag, or harm the person of any one engaged in the postal service. Postage rate thereon, one cent for each ounce or fractional part thereof.

Other articles of the fourth class which, unless properly secured, might destroy, deface, or otherwise damage the contents of the mail-bag, or harm the person of any one engaged in the postal service, may be transmitted in the mails when they conform to the following conditions: 1st. They must be placed in a bag, box, or removable envelope made of paper, cloth, or parchment. 2d. Such bag, box, or envelope must again be placed in a box or tube made of metal or some hard wood, with sliding, clasp, or screw lid. 3d. In case of articles liable to break, the inside box, bag, or envelope must be surrounded by sawdust, cotton, or spongy substance. 4th. In case of sharp-pointed instruments, the points must be capped or encased, so that they may not by any means be liable to cut through their inclosure; and where they have blades, such blades must be bound with wire, so that they shall remain firmly attached to each other. 5th. The whole must be capable of easy inspection. Seeds, or other articles not prohibited, which are liable from their form or nature to loss or damage, unless specially protected, may be put up in sealed envelopes, provided such envelopes are made of material sufficiently transparent to show the contents clearly, without opening.

Upon any package of matter of the fourth class the sender may write or print his own name and address, preceded by the word "from," and there may also be written or printed the number and names of the articles inclosed; and the sender thereof may write or print upon, or attach to any such articles, by tag or label, a mark, number, name, or letter, for purpose of identification.

The limit of weight of packages is four pounds.

POSTAL CARDS.

The object of the postal card is to facilitate letter correspondence and provide for the transmission through the mails, at a reduced rate of postage, of short communications, either printed or written in pencil or ink. They may, therefore, be used for orders, invitations, notices, receipts, acknowledgments, price-lists, and other requirements of business and social life; and the matter desired to be conveyed may be either in writing or in print, or partially in both.

In their treatment as mail-matter, they are to be regarded by postmasters the same as sealed letters, and not as printed matter, *except that in no case will unclaimed cards be returned to the writers or sent to the Dead Letter Office.* If not delivered within sixty days

from the time of receipt, they will be burned by postmasters; but they may be forwarded at the request of the party named in the address, the same as letters.

The postage of one cent each is paid by the stamp impressed on these cards, and no further payment is required.

Postal cards are issued exclusively by the Department. Cards issued by private parties, which contain any written matter having the nature of personal correspondence, other than the address, cannot be passed through the mails at less than letter postage, as they are not "postal cards" within the meaning of the law.

In using postal cards, be careful not to write or have anything printed on the side to be used for the address, except the address; also be careful not to paste, gum (except an address tag or label), or attach anything to them. They are unmailable as postal cards when these suggestions are disregarded.

UNMAILABLE.

Liquids, poisons, explosive and inflammable articles, fatty substances easily liquefiable, live or dead animals (not stuffed), insects, and reptiles, fruits or vegetable matter, confectionery pastes or confections, and substances exhaling a bad odor; and every letter upon the envelope of which, or postal card upon which, indecent, lewd, obscene, or lascivious delineations, epithets, terms, or language may be written or printed, and all matter concerning lotteries, so-called gift concerts, or other similar enterprises offering prizes, or concerning schemes devised and intended to defraud the public, or for the purpose of obtaining money under false pretenses.

REGISTRATION OF DOMESTIC MAIL-MATTER.

The registry system is intended to secure to valuable mail-matter in its transmission through the mails the utmost security within the province of the Post Office Department.

Postmasters are obliged to register all mailable matter offered for registration, and should advise the public to register valuable mail-matter, so as to enable the Post Office Department to keep it under this strict supervision, which cannot be given to the transmission of ordinary mail-matter.

First, third, and fourth-class matter may be registered. First-class matter, or matter on which letter rates of postage have been paid, must always be sealed. Third-class matter and fourth-class matter must be unsealed, fully prepaid at the proper rates, and conform to all requirements. No matter excluded by law from the mails can be registered.

Postmasters are not required to receive letters or other matter for registration on Sundays or legal holidays.

The fee on any registered matter, domestic or foreign, is fixed at ten cents on each letter or parcel, to be affixed in stamps, in addition to the postage. Two or more letters or parcels addressed to, or intended for, the same person cannot be tied or otherwise fastened together and registered as one.

Postmasters before receiving a letter for registration must require the sender to have it fully and legibly addressed; to have his or her name and address indorsed across the end; to have placed all its contents in a firmly sealed envelope; and affixed the necessary stamps to pay postage and fee.

Postmasters before receiving third and fourth class matter for registration must require full address, indorsement, and prepayment of fee and postage, as stated in preceding paragraph, and further require that such matter shall be marked "Third Class" or "Fourth Class," as the case may be, and shall be so put up as to safely bear transportation, and admit of an examination of contents, to ascertain that it is admissible to the mails as such matter.

Postmasters and their employees are forbidden to address a registered package for the sender, to place contents therein, or to seal a letter, or affix stamps; this must in all cases be done by the sender; but they must not fail to see that the stamps cover the full amount of postage and registry fee, as when registered matter is received at a post office for delivery not having the necessary stamps affixed to cover the postage and fee, it is not to be rated up for collection from the person addressed, but must be delivered without any charge. The postmaster receiving such package will report to the Third Assistant Postmaster General the additional amount of stamps which should have been affixed,

and the same will be *collected from the postmaster who received the package,* or letter, for registration and forwarded it without the necessary postage stamps affixed. In other words, under the new regulations the guilty postmaster and not the innocent party addressed, will suffer if registered matter is forwarded without the evidence of prepayment required by law.

Postmasters must dispatch registered packages by the most secure route, and endeavor, especially when they have to be sent long distances, to have them reach a railway office or through registered pouch office as soon as possible, even though such registered packages traverse a longer distance to destination than that taken by ordinary mail-matter; it being desirable that registered matter should be in the hands of responsible agents of the service, as far as practicable avoiding the exposure and handling necessitated by the frequent opening of pouches at way post offices. For list of through registered pouch-offices, see page 27.

As soon as any registered matter has been delivered and the registry return receipt therefor has been properly signed, the receipt must be postmarked with date of delivery (which is also the mailing postmark), and sent by next mail, without cover of an envelope, to the address of the sender, which is written on the registry return receipt.

The registry bills and registry return receipts, after signature, require no postage thereon; they are to be simply postmarked and mailed without delay.

If, on the receipt of a registered letter or parcel, the person addressed is dead, it may be delivered to the legal representative of the deceased, who must be either the executor of the will or the administrator of the deceased, and who produces proof of the fact. In some States the residuary legatee named in a will is allowed, on giving bonds for the proper fulfillment and execution of its provisions, to become the executor. In any such case such person is, upon presentation of the necessary proof, to be considered the legal representative of the deceased. Registered matter addressed to persons who have been declared insane by competent authority should be treated as above; but in the absence of any legal representative, all such domestic registered matter must be returned to the mailing post office for delivery to the sender.

A registered letter is not subject to attachment in the hands of a postmaster before its delivery, as the Department holds it in *custodia legis* for delivery to the person addressed, or to his or her order. A postmaster acting in virtue of his office, and refusing to deliver letters on a process issued by a state court, will readily be purged of any alleged contempt of such process; and in case of any conflict with the state law, he, acting in the line of his duty, will have protection by the law which governs the transmission of registered matter.

After a registered letter has been transmitted from the mailing post office, it cannot be recalled by the sender, but must be sent to the destination named in its address. If not delivered it will be returned in accordance with section 876, P. L. & R. ed. 1879. Before dispatch a registered letter can only be reclaimed by writer under extraordinary circumstances. He must give satisfactory reasons to the postmaster for such action, produce a fac-simile of the envelope, fully identify himself, and return the registration receipt indorsed with his name, which the postmaster will paste opposite the entry in the registration book, indorsing the entry "Returned to writer by me, ———, P. M." The registered letter, before return, must be indorsed "Withdrawn by writer from ——— post office, ——— P. M."

In case of addressee simply refusing to receive a registered letter or parcel, it must be retained the proper length of time before return.

In case a domestic returned registered letter or parcel cannot be delivered to sender, it must be retained thirty days and be then forwarded (properly registered) to the Dead Letter Office, after due notice to sender by advertisement or otherwise.

Should a registered letter or parcel be received addressed to a person who has removed, or who from any other cause wishes it forwarded to him at another post office or returned to writer, it may be so forwarded or returned, at his written request, without additional charge for postage or fee. In such cases the postmaster must enter it on his delivery-book, and make in the record of registered matter received and delivered, in delivery column, a memorandum showing when and where forwarded. He must alter the address of the registered letter or parcel as to destination only, and indorse it "Forwarded." It must then be entered in the registration book as if mailed at his post office counted as free in quarterly report registered matter, numbered anew, and forwarded in a registered package envelope, with a registry bill, accompanied by the original registry return receipt. The order for forwarding or returning must be filed as a voucher.

When a postmaster is in doubt as to any requirements of the regulations of the registry system he must submit the matter in doubt to the Third Assistant Postmaster General. Ignorance of the law or regulations will not be accepted as an excuse for their violation or for neglect of duty.

Every case of missing registered packages, registered letters, or registered parcels must be reported without delay to the Chief Special Agent, Post Office Department, Washington, D. C., giving full particulars, as also all cases of alleged abstraction of contents of registered letters or parcels, and also to the other special agents, as mentioned in list of Special Agents in chapter on "Organization."

Registry of Letters containing Currency for Redemption. — Under such regulations as the Postmaster General may prescribe, all postmasters are authorized to register in the manner prescribed by law, but without payment of any registration fee, all letters containing fractional or other currency of the United States, which shall be by them sent by mail to the Treasurer of the United States for redemption; and the postmaster at the city of Washington, in the District of Columbia, shall register, in like manner, without charge, all letters containing new currency returned for currency redeemed, which shall be received by him from the Treasurer, in sealed packages, marked with the word "register" over the official signature of the said Treasurer. (R. S. section 3932.)

Special Instructions for Registering Currency. — Whenever letters containing currency for redemption are offered for registration, postmasters will be governed by the following instructions: —

First. They must require the contents of every such letter to be exhibited to them, with a descriptive list of contents, giving an accurate and detailed description of the money to be remitted. In case of fractional currency, the number and denomination of pieces will be sufficient; but of currency of the denomination of one dollar and upward, the letter, number of series, and date of each note, as well as the denomination, must be given.

Second. The list must be carefully examined and compared with the money to be remitted, and when found to be correct will be filed in the office, to be subject at all times to the inspection of proper agents of the Post Office Department.

Third. The money must then be inclosed and the letter sealed in the presence of the postmaster, who will then give the usual registry receipt therefor.

Fourth. The letter must then be disposed of in the manner provided for other registered letters; but, for the sake of further security, the postmaster must be ready to prove beyond question in every case, by a disinterested witness, that such letter was duly mailed in the mode prescribed for registered letters; otherwise, should the letter or package be lost he will be held responsible therefor.

THE POSTAL MONEY-ORDER SYSTEM OF THE UNITED STATES.

THE money-order system is intended to promote public convenience and to secure safety in the transfer through the mails of *small sums* of money. The principal means employed to attain safety consist in leaving out of the order the name of the payee or person for whom the money is intended. In this respect a money-order differs from an ordinary bank draft or check. An advice or notification, containing full particulars of the order, is transmitted without delay by the issuing postmaster to the postmaster at the office of payment. The latter is thus furnished, before the order itself is presented, with information which will enable him to prevent its payment to any person not entitled thereto, provided *the remitter complies* with the regulation of the Department which prohibits him from sending the same information in a letter inclosed with his order.

The following instructions are intended to secure payment of the order to the rightful party, and postmasters are required to enforce them rigidly in every respect, so far as a due regard to public convenience will permit. After once paying a money-order, by whomsoever presented, the Post Office Department will not be liable to any further claim therefor. The public are therefore strictly cautioned: —

To take all means to prevent the loss of a money-order.

Never to send the order in the same letter with the information required on payment thereof.

To be careful on taking out a money-order to state correctly the given name as well as the surname, of the person in whose favor it is to be drawn.

To see that the name and address of the person taking out the money-order are correctly made known to the person in whose favor it is drawn.

Neglect of these instructions will risk the loss of money, besides leading to delay and trouble in obtaining payment.

Under no circumstances can payment of an order be demanded on the day of its issue.

The fees or charges for money-orders will be as follows: —

On orders not exceeding $15	10 cents
On orders over $15 and not exceeding $30	15 cents
" " over $30 " " " $40	20 cents
" " over $40 " " " $50	25 cents

When a larger sum than fifty dollars is required, additional orders to make it up must be obtained. But postmasters are instructed to refuse to issue in one day, to the same remitter and in favor of the same payee, more than *three* money-orders payable at the same post office. The plain evasion of this rule by the substitution of a different remitter for every three orders issued in one day in favor of the same payee must not be tolerated by postmasters.

The money-orders must be made out upon printed forms supplied by the Post Office Department, and no order will be valid or payable unless given upon one of such forms.

Any person applying for a money-order will be required to state the particulars upon a form of application, which will be furnished to him for that purpose by the postmaster.

If the purchaser of a money-order, from having made an error in stating the name of the office of payment, or for other reasons, desires to have the said money-order changed, the issuing postmaster will repay the first order, and issue another in lieu thereof, for which an additional fee must be charged and exacted as for a new transaction.

Parties procuring money-orders should examine them carefully, to see that they are properly filled up and stamped. This caution will appear the more necessary when it is understood that any defect in this respect will throw difficulties in the way of payment.

When a money-order is presented for payment at the office upon which it is drawn, the postmaster or authorized clerk will use ALL PROPER MEANS to assure himself that the applicant *is the person named and intended in the advice*, or is the indorsee of the latter; and upon payment of the order care must be taken to obtain the signature of the payee (or of the person authorized by him to receive payment) to the receipt on the face of the order.

When for any reason the payee of a money-order does not desire or is unable to present the same in person, he is legally empowered, by his written indorsement thereon, to direct payment to be made to any other person; and it is the duty of the postmaster upon whom the order is drawn to pay the amount thereof to the person thus designated, provided the postmaster is satisfied that such indorsement is genuine, and that the second party shall, if required, *prove his identity*, and shall give correct information as to the name and address of the person who originally obtained the order. MORE THAN ONE INDORSEMENT IS PROHIBITED BY LAW, AND WILL RENDER AN ORDER INVALID AND NOT PAYABLE. The signature to the receipt on the face of the order *should be that of the person who presents and receives payment of the same.*

Any money-order office may repay an order issued by itself, *provided the order is less than one year old, and does not bear more than one indorsement;* but the repayment must be made to the person who obtained the order, except in special cases. The fee or charge will not in any case be refunded.

When the remitter of a money-order desires to change the place of payment of the same, or when a mistake has been made in drawing an order, through error of the remitter, the issuing postmaster is authorized, with the above restrictions, to take back the first order, which he will repay, and issue another in lieu thereof, for which an additional fee must be charged and exacted as on a new transaction. But should the mistake be made by the postmaster, he will be held responsible therefor, and must charge himself with the fee for issuing the new order. If the advice has gone forward to the post office upon which the original order was drawn, he will, by the first mail, dispatch a special notice, informing that office of the repayment of said order. The *special* advice is not to be used instead of the proper accompanying advice of the new order, but is additional to it. Under no circumstances must a postmaster issue a new order in lieu of another until the original order shall have been returned to him.

When a money-order has been lost by either remitter or payee, a duplicate thereof will be issued by the Department, free of charge to the owner of the original, provided he shall make application (stating the circumstances of the loss), to be forwarded by the issuing or the paying postmaster, from the former of whom he must obtain and furnish a certificate that the original order had not been and would not be repaid, and also a similar certificate from the latter that the same had not been and would not be paid.

The issue of money-orders on credit is strictly prohibited, under the severest penalties, and no moneys will be received by a postmaster in payment for money-orders issued, except United States Treasury notes or the notes of the national banks; nor can orders be paid in any other currency than that herein described. Checks are not to be received under any circumstances for the issue of money-orders.

A money-order may be issued for any amount from *one cent* up to *fifty dollars*, inclusive; but fractional parts of a cent must not be introduced into any money-order or account.

The given names of both remitter and payee must be entered in the advice in full when possible; and married women must be described by their own names, and not by those of their husbands. Thus, the appellation "Mrs. *William* Brown" is defective, as it does not accurately describe the payee, whose true name may be Mrs. *Mary* Brown. Both names and sums must be written so legibly as to effectually guard against errors. When the applicant is unable to state the initials of the given name or names of the payee, the postmaster must refuse to issue the order. A money-order should always be made payable to one person or to one firm only, and not to either of two or more designated persons or firms.

Where an order is presented for payment, the postmaster will first examine the document, to see that it is properly signed, stamped, etc.; he will then compare the date, number, and amount with the advice or with the record thereof in the register of advices received, and satisfy himself, by questioning the applicant, and by such other means as may appear necessary, that the applicant is the person entitled to payment. Every person who presents a money-order for payment *should be required to prove his identity to the postmaster, unless the latter is satisfied, without obtaining such proof*, that the applicant is the rightful owner of the order. Special caution should be exercised in the payment of orders issued in favor of women, or of soldiers or sailors. In the event of an order being paid to the wrong person through lack of necessary precaution on the part of the postmaster, he will be held accountable for such payment. Care should be taken that the signature of the payee be as full as the name given in the advice, and that it be in no way inconsistent therewith. If the payee be unable to write, he must sign the receipt by making his mark, to be witnessed in writing. The witness should sign his name, with his address, in the presence of the postmaster, and the latter will then certify the payment by adding his own initials. The witness should be known to the postmaster, but it is desirable (though not imperative) that he be not connected with the office. In no case should the postmaster act as witness himself. It is not necessary that the witness should be personally acquainted with the payee.

When an order is presented for which no advice has been received, one of the printed letters of inquiry for missing advices (Form No. 21) must at once be dispatched to the postmaster who issued the order. Under no circumstances whatever can an order be paid until the corresponding advice shall have been received.

Postmasters are prohibited from paying a money-order to a second person without the written indorsement to such second person by the payee on the back of the order, unless the payee has, by a duly executed power of attorney, designated and appointed some person to collect moneys due or to become due him, in which case the attorney should be required, before payment is made him, to file at the office of payment a certified copy of such power of attorney. When orders are paid upon an indorsement, the *utmost caution should be exercised*, and before paying them the postmaster must be satisfied that the sig-

nature to the indorsement is genuine, and that the person presenting the order is the one named in the indorsement. The person presenting the order should be required, if unknown to the postmaster, to prove his identity. The name of the indorsee to whom an order is paid should be entered in the column of "Remarks" in the "register of advices received."

After once paying a money-order, by whomsoever presented, provided the required information has been given by the party who presented it, the Department will not *hold* itself liable to any further claim, but in case of improper payment of an order, will endeavor to recover the amount for the owner.

In case a money-order is lost in transmission, or otherwise, a duplicate will be issued by the superintendent of the money-order system, on the receipt of the application therefor of either the remitter, the payee, or the indorsee of the original. Such application should be made on Form No. 7, and should be forwarded to the Department by the issuing or the paying postmaster. The duplicate can be made payable only to the payee, or, in case of indorsement, to the indorsee of the original, unless the written consent of the payee or indorsee to the repayment of the order, by duplicate, to the remitter, shall have been obtained by the latter, and duly filed in the Department. Such written consent must bear a certificate as to its genuineness from the postmaster on whom the original was drawn. If the owner of the order (whether the payee or indorsee), or his legal representative, *cannot, after the lapse of a reasonable time, be found*, the remitter should forward to the Department satisfactory evidence of that fact, if he desires repayment. A blank bond of indemnity, in a penal sum of double the amount of the lost money-order, will then be sent him, to be executed by himself and two sureties, and returned to the Department; the condition of such bond being that if, after the issue and payment of a duplicate order to the remitter, any other person establishes a valid adverse claim to the original order, the amount so paid by duplicate shall be refunded to the Post Office Department. Upon full compliance with the above requirements, the remitter thus situated will receive a duplicate of the lost order.

A duplicate order can be drawn only on the issuing or the paying office of the original order, and becomes invalid if it bear more than one indorsement.

No fee is to be charged by a postmaster for the delivery of a duplicate issued in place of a lost or invalid order. The postmaster who receives from the Department a duplicate payable by him must forthwith send notice to the payee of such duplicate to call for payment. In paying a duplicate the postmaster is required to ascertain beyond a reasonable doubt the identity of the payee or indorsee thereof.

Any order which is not presented for payment until after the expiration of one year from the date thereof, is declared "invalid and not payable" by the fourth section of the act approved June 12, 1866, and the postmaster to whom such order is presented must refuse payment of the same. In order to obtain payment of such invalid order, the holder will be required to forward the same, through the issuing or the paying postmaster, to the money-order office of the Post Office Department. (See Form No. 8*a*.) If the Department is satisfied that the order has not been paid, a duplicate will be issued made payable to the remitter, payee, or indorsee, as may be requested in the application, and the same will be sent to the postmaster for delivery or payment, as the case may be.

SPECIAL INSTRUCTIONS TO POSTMASTERS.

The section references are to the new Code of Laws and Regulations which are now being issued.

1. All necessary blanks and post office supplies authorized by the law and regulations will be furnished to postmasters upon application to the First Assistant Postmaster General (Blank Agency), unless specially instructed in the regulations to make application for certain blanks to another office.

2. In addressing communications to the Department, never write on more than one subject in a letter, and always address letters to the bureau having charge of the subject-matter, as indicated in section 26. Never address letters to the Postmaster General which are to be acted upon by a bureau officer.

3. Postmasters at free-delivery post offices will be required to pay special attention to the requirements of section 345. When trial is made it should be done by card or otherwise, and the letter retained in the post office subject to call at the general delivery.

4. Postmasters at "special post offices" (see section 76) must promptly notify the Second Assistant Postmaster General and the Superintendent of Railway Mail Service for their division (see section 707) when they change the point of supply for their post offices.

5. Postmasters and mail carriers are exempted by section 1629 of the Revised Statutes from militia duty. They are not exempt from jury and road duty, and must obey summons thereto, leaving their post offices in charge of a competent assistant as prescribed by section 518.

6. The new law and regulations for the classification of mail-matter differ radically from former laws and regulations, and must be carefully studied by postmasters.

7. Matter which is in writing, or other matter containing a written inscription in the nature of a personal correspondence, and matter which is sealed against inspection, are alone, by their nature and the intent of the law, first-class matter.

8. Second-class matter remains as defined by the former law, except that sample copies of second-class matter may now be sent at the pound rates, and that the postage is uniform for all second-class publications at two cents per pound.

9. Third-class matter includes all printed matter not embraced in the second class. Particular attention should be given to the definition of printed matter, section 219. Books and music are third-class matter, and so are unmounted chromos; but chromos mounted on cloth or pasteboard are fourth-class matter.

10. The new law admits of written inscriptions upon third-class matter not in the nature of personal correspondence. See section 232.

11. Postmasters should consider the presumption to be in favor of the admission of all unsealed printed matter subject to inspection at third-class rates, and should not rate it up on account of written inscriptions thereon unless the inscription is clearly in the nature of a personal correspondence.

12. Fourth-class matter includes everything not included in the other three classes, which is not by law and regulations excluded from the mails. Many articles which under the old law were rated with letter postage, as matter to which no specific rate of postage was attached, belong now to the fourth class, and are subject to a postage charge

of one cent per ounce. Such are, for instance, drawings, plans, designs, original paintings in oil or water colors, etc.

13. Special attention is called to the law and regulations requiring the use of postage-due stamps (sections 271–274) upon the collection of postage on and delivery of all insufficiently prepaid or unpaid matter. They are to be used upon ship and foreign letters, soldier and sailor letters, as well as upon ordinary domestic letters, and matter of the third and fourth classes, when it inadvertently reaches its destination without full prepayment. They must never be put upon matter which is forwarded, returned to writer, or sent to the Dead Letter Office, except at free-delivery post offices.

14. Postmasters are required to keep a complaint-book, in which all letters reported to them as lost or missing are entered; and, after making examination, in their post offices, they are required to report the loss, with all particulars, without delay, to the Chief Special Agent of the Post Office Department, Washington, D. C.

15. When complaint is made of delay in the receipt of letters beyond the time required by ordinary course of mail, as shown by the postmarks, postmasters should procure the envelopes of such letters and send them, with a statement of the facts, to the division superintendent of railway mail service.

16. Before approving applications for the establishment of new post offices, postmasters should consult the Postal Guide and see that the name selected has not already been given to a post office or to a county in the same or an adjoining State.

17. Complaints frequently arise on account of the inaccuracy of the letter-balances in use at post offices. Postmasters are therefore instructed to have their letter-balances tested and adjusted at least twice a year. For this purpose post offices of the first and second class, and all special agents of the Department, will be furnished with a set of standard weights. Postmasters at other post offices wishing to test their letter balances will make application to the nearest special agent or postmaster furnished with standard weights. The standards will be sent by mail, registered, to postmasters so applying, and must be returned in the same manner to the postmaster or special agent from whom they were received, as soon as the balances have been tested.

18. All questions submitted by the public or arising in practice in regard to the construction of postal laws and regulations should be decided by postmasters, in the first instance, subject to appeal to the Postmaster General.

19. Postmasters are notified that hereafter every number of the United States Official Postal Guide will contain a list of the orders which have been issued during the preceding quarter against the persons or firms engaged in conducting schemes for the purpose of obtaining money through the mails under false pretenses; and whenever any of such persons or firms make application at any post office for the payment of money-orders, or for registered letters addressed to them, the postmaster at such post office should immediately report the case to the Postmaster General.

20. Any printed circulars issued from the Post Office Department must be treated as official written letters; postmasters should acknowledge their receipt, enter their substance opposite the proper section in the book of Postal Laws and Regulations, edition of 1879, and file the circulars in a book to be kept for that purpose.

21. The Department will furnish postmasters with blank forms for "Publishers' Temporary Permit," and "Formal Notice of Entry," under sections 196 and 199 of the Regulations of 1879. Applications for same should be made to the First Assistant Postmaster General, Superintendent Blank Agency.

USE OF OFFICAL PENALTY ENVELOPES.

JUNE 10, 1879.

SIR, — In reply to your letter of June 6th, respecting the use of official penalty envelopes, I have the honor to say that under the advice of the Assistant Attorney General this Department holds: First, that section 29 of the Act of March 3, 1879, extending the provisions of sections 5 and 6 of the Act of March 3, 1877, does not in any way limit the requirement of section 6 of the latter act, that the penalty envelopes should be provided by the Executive Departments of the United States for itself and its subordinate officers, on which the indorsement designating the Department in which they are to be used, and the penalty for their unlawful use, should be stated thereon. Hence it holds that official matter can only be transmitted through the mails free in such envelopes as may be provided under section 6 of the Act of March 3, 1877.

Second, that there is no requirement in either of the acts above quoted which necessitates the printing of such designation and penalty, and hence the Department holds that the indorsement and statement of the penalty may be in writing. For the protection of the service, and to prevent its being prostituted to the purposes of fraud, it is deemed advisable that some distinctive mark should be placed upon these envelopes to indicate that they have been issued from one of the Executive Departments, under the provisions of section 6 of the Act of March 3, 1877. The Department also holds that it is within the spirit of the statute that official labels, printed so as to indicate the Department, or Bureau, or officer under it, as well as the penalty, which labels are to be affixed to official mail-matter transmitted under the provisions of section 29 of the Act of March 3, 1879, may be furnished in lieu of, or in addition to, the official penalty envelopes, if it is deemed advisable by either one of the Departments. Very respectfully,

THOS. J. BRADY.
Acting Postmaster General.

HON. GEO. W. MCCRARY, *Secretary of War.*
War Department.

FOREIGN MAILS.

The exchange of correspondence between the United States and foreign countries is regulated by postal treaties establishing the rates of postage and the conditions of exchange, or by and in pursuance of legislation by Congress.

The "Universal Postal Union Convention," concluded at Paris, June 1, 1878, which went into operation April 1, 1879, governs the exchange of correspondence between the countries and colonies parties thereto, except Canada, respecting which exception see the article "Canada," page 36. For a list of the countries and colonies of the Postal Union see the first page of the Foreign Postage Table, page 48.

The rates of postage established by the Post Office Department of the United States for correspondence exchanged between it and the countries and colonies of the Universal Postal Union, except Canada, are as follows:—

For prepaid letters, 5 cents per fifteen grams (½ ounce).

For unpaid letters received, 10 cents per fifteen grams (½ ounce).

For insufficiently paid letters or other articles received, a charge equal to double the amount of the deficiency.

For postal cards, 2 cents each.

For newspapers, if not over four ounces in weight, 2 cents each; if over four ounces in weight, 2 cents for each additional four ounces or fraction thereof.

For printed matter of all kinds, commercial papers, and samples of merchandise, 1 cent for each article or packet bearing a particular address, and for every weight of two ounces or fraction thereof; with a *minimum* charge of 5 cents per packet of commercial papers, and a *minimum* charge of 2 cents per packet of samples of merchandise: that is to say, for commercial papers not exceeding ten ounces in weight, the postage is 5 cents, and if above ten ounces in weight, 1 cent for each two ounces or fraction thereof: for samples not exceeding four ounces in weight, 2 cents; if above four ounces in weight, 1 cent for each two ounces or fraction thereof. *Provided*, that articles or packets of printed matter, commercial papers, or samples do not contain any letter or note having the character of an actual and personal correspondence, and that they be made up in such manner as to admit of being easily examined.

For the registration fee on all correspondence, 10 cents.

No fee will be charged for return receipts for registered articles in cases where such receipts are requested.

The prepayment of the Union postage on ordinary letters is optional, but the postage on all other articles, except postal cards, which are necessarily prepaid, and registered articles, must be at least partially prepaid.

Payment of postage on every description of correspondence can be effected only by means of postage stamps valid in the country of origin for the correspondence of private individuals. Official correspondence relative to the postal service, *exchanged directly between the respective Postal Administrations of the Union*, is alone exempted from this requirement and admitted free of postage.

No supplementary postage is chargeable for the reforwarding of postal packets of any kind within the interior of the Union.

All classes of correspondence are required to be impressed with a stamp indicating the place of origin and date of posting.

POSTAL CARDS.

Postal cards must be forwarded without cover. One of the sides must be reserved for the address alone, and the communication written on the other side. It is forbidden to join or to attach to postal cards any article whatever.

PRINTED MATTER OF ALL KINDS.

The following are considered as printed matter, viz: Newspapers and periodical works, books stitched or bound, pamphlets, sheets of music, visiting cards, address cards, proofs of printing with or without the manuscripts relating thereto, engravings, photographs, drawings, plans, geographical maps, catalogues, prospectuses, announcements and notices of various kinds, whether printed, engraved, lithographed, or autographed, and in general all impressions or copies obtained upon paper, parchment, or card-board, by means of printing, lithographing, or any other mechanical process easy to recognize, except the copying press.

The following are excluded from the reduced postage, viz: Stamps or forms of prepayment, whether obliterated or not, as well as all printed articles constituting the representative sign of a monetary value.

The character of *actual and personal correspondence* cannot be ascribed to the following, viz:

1st. To the signature of the sender or to the designation of his name, of his profession, of his rank, of the place of origin, and of the date of dispatch.

2d. To a dedication or mark of respect offered by the author.

3d. To the figures or signs merely intended to mark the passages of a text, in order to call attention to them.

4th. To the prices added upon the quotations or prices current of exchange or markets.

5th, and lastly. To annotations or corrections made upon proofs of printing or musical compositions, and relating to the text or to the execution of the work.

Printed matter must be either placed under band, upon a roller, between boards, in a case open at one side or at both ends, or in an unclosed envelope; or simply folded in such a manner as not to conceal the nature of the packet; or, lastly, tied by a string easy to unfasten.

Address cards and all printed matter presenting the form and consistency of an unfolded card may be forwarded without band, envelope, fastening, or fold.

The maximum weight of printed matter is fixed at 2 kilograms (4 lbs. 6 oz.).

COMMERCIAL PAPERS.

The following are considered as commercial papers, viz: All instruments or documents written or drawn wholly or partly by hand, which have not the character of an *actual and personal correspondence*, such as papers of legal procedure, deeds of all kinds drawn up by public functionaries, way-bills or bills of lading, invoices, the various documents of insurance companies, copies or extracts of deeds under private seal written on stamped

or unstamped paper, scores or sheets of manuscript music, manuscripts of works forwarded separately, etc.

Commercial papers must be forwarded under band or in an open envelope.

The maximum weight of commercial papers is fixed at 2 kilograms (4 lbs. 6 ozs.).

SAMPLES.

Samples of merchandise must conform to the following conditions:—

They must be placed in bags, boxes, or removable envelopes in such a manner as to admit of easy inspection.

They must not have any salable value, nor bear any manuscript other than the name or profession of the sender, the address of the addressee, a manufacturer's or trade mark, numbers and prices.

They must not exceed 250 grams in weight (8¾ ounces), or the following dimensions: 20 centimetres (8 inches) in length, 10 centimeters (4 inches) in breadth, and 5 centimeters (2 inches) in depth.

REGISTERED ARTICLES.

Any article of mail-matter may be registered, subject to the ordinary prepaid rate of postage upon the article, according to its nature, in addition to the registration fee of 10 cents.

ARTICLES GROUPED TOGETHER.

It is permitted to inclose in the same packet samples of merchandise, printed matter, and commercial papers, but subject to the following conditions: —

1. That each article taken singly shall not exceed the limits which are applicable to it as regards weight and size.

2. That the total weight must not exceed 2 kilograms (4 lbs. 6 ozs.) per package.

3. That the minimum charge shall be 5 cents when the packet contains commercial papers, and 2 cents when it consists of printed matter and samples.

ARTICLES EXCLUDED FROM THE MAILS.

It is forbidden to send by mail: --

1. Letters or packets containing gold or silver substances, pieces of money, jewelry, or precious articles.

2. Any packet whatever containing articles liable to customs duty.

3. Articles other than letters which are not prepaid at least partly, or which do not fulfill the conditions required in order to enjoy the reduced rate.

4. Articles of a nature likely to soil or injure the correspondence.

5. Packets of samples of merchandise which have a salable value, or which exceed 250 grams (8¾ ozs.) in weight, or measure more than 20 centimeters (8 inches) in length, 10 centimeters (4 inches) in breadth, and 5 centimeters (2 inches) in depth.

6. Packets of commercial papers and printed matter of all kinds, the weight of which exceeds 2 kilograms.

There is, moreover, reserved to the government of every country of the Union the right to refuse to convey over its territory, or to deliver as well, articles liable to the reduced rate in regard to which the laws, ordinances, or decrees which regulate the conditions of their publication or of their circulation in that country have not been com-

plied with, as correspondence of every kind which evidently bears inscriptions forbidden by the legal enactments or regulations in force in the same country.

SPECIAL ARRANGEMENTS WITH UNION COUNTRIES.

By the terms of Article XXIII. of the Convention of Paris, all the stipulations of antecedent special treaties, conventions, arrangements, or other acts previously concluded between the various countries or administrations, in so far as those stipulations are not in accordance with the terms of the Paris Convention, are abrogated. Hence such of the provisions of antecedent postal conventions as are not inconsistent or at variance with the provisions of the Universal Postal Union Convention, may, by mutual understanding between the administrations parties to such conventions, be considered as remaining in force.

A mutual understanding has been had between this Department and the Postal Administrations of Great Britain and Germany, to continue in force the former regulation limiting the dimensions of book packets and other printed matter to two (2) feet in length, and one (1) foot in width or depth.

By virtue of a similar understanding between the United States and Great Britain, periodicals published in the United States at intervals of not more than thirty-one days may be sent to Great Britain at newspaper rates of postage.

REGULATIONS AND SUGGESTIONS RESPECTING POSTAL UNION CORRESPONDENCE.

1. A two-cent postal card has been specially prepared and issued by this Department for circulation in the Universal Postal Union mails, and is to be used for card correspondence with the countries of the Postal Union.

2. All mailable matter of Postal Union origin (including such matter from Canada) received in the United States may be re-forwarded from the United States post office of original destination to any other United States post office, or to any Postal Union country, without charge of additional postage therefor, or, if a registered article, without charge of an additional registry fee. Such matter, however, as has been in the first instance addressed to a place in the country of mailing is chargeable, on re-direction, with the same postage, less the sum prepaid, as would have been charged had it been addressed in the first instance to the place of ultimate delivery, but, if registered, without additional registry fee.

3. Living plants, and generally any living portion of a vegetable, such as branches, bulbs or roots, being prohibited entrance by mail in Italy, samples of these articles cannot be sent in the mails to that country.

4. Samples of tobacco, being subject to customs duties in Italy, should not be sent in the mails to that country.

5. Samples of raw or spun silk for Italy are limited to a weight of one hundred grams (3½ ozs.).

6. Correspondence for Russia should have the name of the place of destination added in either English, French, or German, and if for the smaller towns in Russia, they should bear, as a part of their address, the name of the province or government in which the towns are situated. If these conditions are not complied with, the Russian post office declines to undertake delivery of the correspondence.

7. Newspapers and other political publications of foreign origin are not allowed circulation in Russia by mail, except such as are addressed to members of the reigning imperial family, the ministers of the empire, or members of the diplomatic corps. Non-political publications and newspapers are only admitted to circulation by mail when addressed to the Public Imperial Library, the Academy of Sciences, the higher establishments of education, and established bookstores, but any person in Russia may subscribe at the Russian post offices for foreign newspapers and publications, whether political or not.

8. The United States not having entered into arrangements with other countries of the Universal Postal Union for the exchange of letters of declared value, it is prohibited to send to any of those countries any registered or other articles marked on the outside with the declared value of the contents.

OTHER POSTAL CONVENTIONS.

Postal conventions are also in force with the countries named below.

The principal provisions governing the exchange of correspondence under the respective treaties are stated under each. For rates of postage, see Table.

Correspondence for countries not embraced in the Universal Postal Union, with which separate postal conventions have been made, when forwarded through Postal Union intermediaries is subject to the provisions of the Paris Convention, and liable to special rates of postage

CANADA

Under the provisions of Article XXIII. of the Paris Convention referred to above, and another stipulation of said Convention which permits the contracting parties thereto to maintain and conclude treaties, and to maintain and establish more restricted Unions with a view to the improvement of postal relations, the special postal arrangement between the United States and Canada in force prior to the entrance of the latter country into the Postal Union is continued in operation, excepting that the privilege of registration is accorded to all the correspondence exchanged between the two countries which is also exchangeable registered under the Paris Convention.

The Dominion of Canada embraces all the British North American Provinces, except Newfoundland.

The correspondence exchangeable comprises letters (ordinary and registered), postal cards, newspapers, pamphlets, magazines, books, maps, plans, engravings, drawings, photographs, lithographs, sheets of music, etc., and patterns and samples of merchandise, including grains and seeds.

Patterns and samples are construed to be *bonâ fide specimens* of goods on hand and for sale, having no intrinsic value aside from their use as patterns and samples. The weight of each package is limited to eight ounces, and the postage charge is ten cents per package, prepayment compulsory. They are subject to the regulations of either country to prevent violations of the revenue laws; must not be closed against inspection, and must be so wrapped and inclosed as to be easily examined.

All articles of mail-matter, except samples, must be fully prepaid at the domestic rates of the country of origin, and are deliverable free of charge in the country of destination.

Newspapers sent from offices of publication in the United States to regular subscribers

in Canada are subject to the same rates of postage and conditions of prepayment as when sent to subscribers in the United States.

"Request Letters" originating in Canada are returnable directly to the Canadian mailing offices, in the event of non-delivery to their addressees within the time specified by the writers; but such letters from other foreign countries are returnable only through the Dead Letter Office.

The regulations respecting the manner of inclosure and limit of weight, governing the transmission of domestic correspondence, are applicable to correspondence exchanged with Canada, patterns and samples excepted.

New York, Boston, Albany, Buffalo, Rochester, Suspension Bridge, Detroit, Chicago, Portland, Me., and San Francisco are the principal exchange offices on the part of the United States.

GUATEMALA.

Letters, newspapers, unsealed circulars at newspaper rates, pamphlets, periodicals, books, and other kinds of printed matter may be exchanged in the mails with Guatemala.

All printed matter must be sent in narrow bands, open at the sides or ends, and is subject to the laws and regulations of each country, respectively, in regard to its liability to be rated with letter postage when containing written matter, or for any other cause specified in said laws and regulations.

Bound or unbound books weighing over two pounds cannot be sent, except at letter rates of postage.

Correspondence of all kinds received from Guatemala is liable, on delivery in the United States, to the rates of postage given in the Table for matter sent to Guatemala.

Mails are forwarded from New York and San Francisco.

ECUADOR.

Letters and manuscript subject by the laws of either country to letter rate of postage, newspapers, and prints of all kinds in sheets, in pamphlets, and in books, sheets of music, engravings, lithographs, photographs, drawings, maps, and plans, comprise the correspondence exchangeable with Ecuador.

All correspondence, except letters, and manuscript subject to letter postage, is transmissible under the same regulations and restrictions as are stated above for Guatemala (the limit for books excepted), and is also subject to the laws of each country in regard to its liability to customs duty, if containing dutiable goods.

Correspondence other than letters, *received from* Ecuador, is liable, on delivery in the United States, to the rates of postage given in the Table for matter *sent to* Ecuador.

New York and San Francisco are the United States exchange offices.

VENEZUELA.

The correspondence exchangeable with Venezuela is the same as that described under Ecuador.

Mail-matter other than letters must be inclosed in narrow bands, or covers, open at the sides or ends, so as to be easily examined, subject to the law and regulations of each country, respectively.

Domestic rates of postage are chargeable on all correspondence received from Venezuela.

New York is the United States exchange office.

THE HAWAIIAN KINGDOM (SANDWICH ISLANDS).

Letters, newspapers, and printed matter of every kind are exchangeable.

To regular subscribers in the Hawaiian Kingdom newspapers published in the United States may be sent at domestic rates, as in the case of Canada, — see above.

Mails are forwarded from San Francisco.

NEW ZEALAND.

For the correspondence exchangeable, see New South Wales below.

Letters may be registered with fee and postage prepaid.

Letters unpaid, or prepaid less than one full rate, cannot be forwarded, but insufficiently paid letters, on which a single rate or more has been prepaid, will be forwarded, charged with the deficient postage.

Correspondence of all kinds prepaid in full in New Zealand is delivered free of charge in the United States.

Newspapers and printed matter are subject to the laws and regulations of each country, respectively, in regard to liability to be rated with letter postage when containing written matter, or for any cause specified in said laws and regulations, as well as in regard to liability to customs duty under the revenue laws.

Mails are forwarded from San Francisco.

NEW SOUTH WALES.

Correspondence of all kinds prepaid in full in Queensland is delivered free of charge in the United States.

Newspapers, printed matter, and patterns and samples of merchandise, are subject to the laws and regulations of each country, respectively, in regard to their liability to be rated with letter postage, when containing written matter, or for any other cause specified in said laws and regulations, as well as in regard to their liability to customs duties.

San Francisco is the office of exchange on the side of the United States.

VICTORIA, AUSTRALIA.

For particulars respecting the general provisions of the postal convention with Victoria, see above under Queensland. San Francisco is the exchange office on the side of the United States.

OTHER FOREIGN COUNTRIES.

Under a provision of the Paris Convention, the transmission is secured, in the open mails of countries of the Postal Union, of correspondence addressed to certain countries and places not embraced in the Union. The Table of Foreign Postage hereto appended includes all the countries and places rendered accessible under arrangements thus far made.

Correspondence from the United States for foreign countries and places other than those named above, or with which no postal treaties or other postal arrangements have been made by the United States, if forwarded in *direct mail* by vessels regularly employed in carrying the mails, and not through the intermediary of a country having postal relations with the United States by treaty or other arrangement, is subject to the rates of postage given in the Table opposite "Aspinwall, *Direct Mail.*"

Ordinary letters, newspapers, pamphlets, periodicals, books, and other printed matter may be sent in these cases, under the regulations and conditions applicable to the same correspondence in the domestic mails.

Prepayment of postage is compulsory for all correspondence, and the prescribed rates are collectible upon delivery of matter received.

CENTRAL AND SOUTH AMERICA.

Under an arrangement with the British Post Office, mail communication is maintained with Central America and the west coast of South America, by means of British mail packets.

The correspondence transmissible is indicated by the Table.

Prepayment is compulsory on all correspondence sent to the countries above referred to which are not embraced in the Postal Union, and the U. S. postage, together with the British packet charge, if unpaid, is collectible upon delivery of matter received in the United States.

In accordance with an order of the Postmaster General, dated June 6, 1879, all registered correspondence addressed to foreign countries must be sent, on and after July 1, 1879, under the system of domestic registration to the United States exchange post office at the port of embarkation, or place of egress from the United States of the mail wherein such correspondence is to be dispatched to its destination.

Where mails for the same countries are made up at more than one United States exchange post office, ordinary (unregistered) correspondence addressed abroad should be forwarded to that one of the exchange offices from which it will have the earliest dispatch.

CUSTOMS DUTIES.

According to the provisions of section 17 of the Act of March 3, 1879, making appropriations for the service of the Post Office Department for the year ending June 30, 1880, printed matter, other than books, received in the mails from foreign countries under the provisions of postal treaties or conventions, are free of customs duty, and books which are admitted to the International mails exchanged under the provisions of the Universal Postal Union Convention, may, when subject to customs duty, be delivered to addressees in the United States under such regulations, for the collection of duties, as may be agreed upon by the Secretary of the Treasury and the Postmaster General.

From information received by the Postmaster General from the Secretary of the Treasury, it appears that no books are absolutely exempt from customs duties, except those printed and manufactured more than twenty years; but collectors of customs may, in their discretion, remit duties on importations of single copies of books, of less dutiable value than one dollar, when such books are intended for the personal use of the addressees.

In pursuance of the Act of March 3, 1879, referred to above, the following regulation has been agreed upon by the Secretary of the Treasury and the Postmaster General: —

REGULATION

GOVERNING THE TREATMENT OF DUTIABLE ARTICLES RECEIVED IN THE MAILS FROM FOREIGN COUNTRIES.

POST OFFICE DEPARTMENT,
WASHINGTON, D. C., *May* 16, 1879.

When letters, sealed packages, or packages the wrappers of which cannot be removed without destroying them, are received in the United States from a foreign country, and the postmaster of the exchange office at which they are received has reason to believe they contain articles liable to customs duties, he shall immediately notify the customs officer of the district in which his office is located, or the customs officer designated by the Secretary of the Treasury for the purpose of examining the mails arriving from foreign countries, of the receipt of such letters or packages, and their several addresses; and if any letter or package of this character be addressed to a person residing within the delivery of his office, the postmaster shall also, at the time of its arrival, notify the addressee or addressees thereof that such letter or package has been received and is believed to contain articles liable to customs duties, and that he or they must appear at the post office at a time in said notice to be designated, not exceeding twenty days from the date of said notice, and receive and open said letter or package in the presence of an officer of the customs.

Letters and sealed packages, or packages the wrappers of which cannot be removed without destroying them, which are supposed to contain articles liable to customs duties, and which are addressed to persons residing outside of the delivery of the United States exchange office where they were first received from abroad, shall be forwarded, without longer detention than twenty-four hours, to their respective destinations, marked "supposed liable to customs duties," and upon their receipt at the offices of destination the postmasters thereof shall notify the nearest customs officer and the parties addressed, in the manner and to the same effect as hereinbefore provided in the case of similar letters or packages addressed for delivery at the United States exchange office where they were first received.

Provided, however, that nothing herein above contained shall authorize or allow customs officers to seize or take possession of any letter or sealed package while the same is in the custody of a postmaster, nor until after its delivery to the addressee: and provided further, that no letter or sealed package shall be detained at the office of delivery a longer period than may be necessary for the appearance of a customs officer and the addressee, in pursuance of the notices hereinbefore provided to be given.

Unsealed packages received in the mails from foreign countries, which are found on

examination by customs officers to contain articles liable to customs duties, shall be delivered by the postmaster at the exchange office of receipt to the proper officer of the customs for the collection of the duties chargeable thereon, with notice of such delivery to the person addressed.

Unsealed packages of samples of merchandise, including grains and seeds, in excess of eight ounces in weight, forwarded to the United States in the mails from Canada, contrary to the provisions of the postal arrangement between the two countries, which are declared by customs officers to be dutiable, shall be immediately returned from the United States exchange offices of receipt to the Canadian exchange offices from which they were dispatched.

Postmasters are expected to extend to customs officers, specially designated for that duty by the Secretary of the Treasury, such facilities as may be necessary to enable them to examine mail-matter arriving in the mails from foreign countries, in order to protect the customs revenue. D. M. KEY, *Postmaster General.*

MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

1. All inquiries relative to foreign mails and mail steamship service between the United States and foreign countries should be addressed to "Superintendent Foreign Mails, Post Office Department, Washington, D. C."

2. The Post Office Department is the proper medium for official communication with foreign postal officials respecting postal matters, and United States postmasters should refer all subjects requiring official correspondence with foreign postal administrations or officials to the Superintendent of Foreign Mails at Washington, D. C., through whose office such correspondence is conducted.

3. All articles of correspondence addressed to foreign countries must bear a legible impression of the stamp of the mailing-office, or inscription in ink, showing the place of mailing and date of dispatch therefrom.

4. In order to avoid the delay consequent upon the return through the Dead Letter Office of short-paid letters, addressed to countries to which prepayment of postage is compulsory, care should be exercised in the weighing and stamping of such letters. In case of doubt it is safer to prepay at the higher rate. Delay may also be avoided by writing the name and address of the sender on the covers.

5. Make the address legible and complete, giving the name of the country as well as the name of the post office or town. Letters addressed merely to "London," without adding "England," may be sent to London, Canada, and *vice versa*, thereby causing delay, and often serious loss. Wherever practicable the name of the street and number of the house should also be given on letters addressed to cities. While the letter may eventually reach its destination without a number, the omission is often a cause of hesitation and delay.

6. See that every letter, newspaper, or other packet sent by mail is securely folded and fastened. In affixing the postage stamps to the covers of printed matter, see that they do not overlap the covers and adhere in part to the contents, thus, in effect, closing the packet against inspection. Avoid using cheap envelopes, made of thin paper, especially where more than one sheet of paper or any other article than paper is inclosed. Being often handled, and subject to pressure in the mail-bags, such envelopes not unfrequently split open, often giving cause of complaint against officials who are entirely innocent in the matter.

7. It is recommended that some other material than wax be used for closing letters or packets addressed to places in warm climates.

8. Many of the suggestions relative to domestic correspondence apply with equal force to correspondence addressed to foreign countries.

9. Letters for countries to which payment of postage is compulsory, when unpaid or insufficiently prepaid, are sent to the Dead Letter Office, to be opened and returned to the writers.

10. Undelivered correspondence of foreign origin is returned to the senders in pursuance of the stipulations of postal treaties or conventions in force with foreign countries, or in accordance with special arrangements made with reference thereto.

11. Newspapers and periodicals sent in the mails to foreign countries should be wrapped singly, except those sent by publishers to regular subscribers in Canada and the Hawaiian Kingdom.

12. To avoid possible errors, the route by which the correspondence is desired to be forwarded should be plainly marked on the face of the correspondence, near the address.

13. In the absence of special instruction to the contrary, where correspondence is marked for transmission by a route requiring prepayment, and the amount prepaid is insufficient for that route, it will be sent by some other route by which prepayment of postage is optional; but if there is no such route, and no means of obtaining full prepayment by notice to the sender, the correspondence will be sent to the Dead Letter Office.

14. Directions given by senders on correspondence for foreign countries respecting routes of transmission desired will be observed whenever practicable.

15. Prepayment of postage on correspondence sent from the United States to foreign countries must be made in United States postage stamps. On correspondence from foreign countries to the United States prepayment must be made in postage stamps of the country of mailing.

16. The amount of postage due on unpaid or insufficiently paid correspondence received from foreign countries is plainly marked on the cover by the United States exchange office through which the correspondence passes, and only the amount so marked as due should be collected. But in the case of mail-matter other than letters, which is discovered at the office of destination to contain a letter or other communication in writing, the postmaster at such office should levy postage thereon at letter rates for collection on delivery.

17. Senders have no legal claim upon the Post Office Department for the value of postage stamps uselessly employed upon mail-matter; but in cases where excessive postage has been paid upon correspondence addressed to foreign countries upon erroneous information given to the sender at mailing post offices in the United States by postal officials, at the time of mailing, the Department will require the overpaid sums to be reimbursed by the postmaster of the mailing office.

18. The exchange of postal cards is limited to the Universal Postal Union, including Canada. They can only be sent to, or received from, other countries and places at letter rates of postage.

19. Liquids, poisons, explosive and inflammable articles, fatty substances, live or dead animals, reptiles, fruits or vegetable matter liable to decomposition, confectionery, pastes or confections, and substances exhaling a bad odor, excluded from transmission in domestic mails as being in themselves either from their form or nature liable to destroy, deface,

or otherwise injure the contents of the mail-bags or the persons of those engaged in the postal service, are prohibited from transmission in the mails exchanged with foreign countries, as are also obscene, lewd, or lascivious books, pamphlets, etc., and letters and circulars concerning lotteries, so-called gift concerts, etc., also excluded from domestic mails.

20. Certain articles, other than those above mentioned, which from their nature or form are liable to destroy, deface, or injure the contents of the mail-bags or the persons of those engaged in the postal service, may be transmitted as samples in the mails to foreign countries when inclosed in the form prescribed for such matter in domestic mails.

21. All articles prohibited from domestic mails are also excluded from circulation in the mails to or from foreign countries.

22. Packets of patterns or samples of merchandise for dispatch in the mails to foreign countries are restricted to *bonâ fide* trade samples or specimens having no salable or commercial value in excess of that actually necessary for their use as samples or specimens. Goods sent for sale, in execution of an order, or as gifts, however small the quantity may be, are not admissible.

23. Prices-current and trade circulars (unsealed) may be sent to Guatemala at newspaper rate of postage, but to all other countries at the rate of postage for "other printed matter."

24. The domestic regulation requiring notice to be given by United States postmasters to publishers whose publications are refused, or not taken out of the post office by the persons addressed, does not apply in the case of newspapers and periodicals of foreign origin refused or not taken out of the post office by their addressees.

25. The public should bear in mind that all matter received in the mails from foreign countries which is subject to customs duties, such as watches, jewelry, lace, silk, etc., is liable to seizure by the officers of the customs.

26. The Post Office Department assumes no responsibility for the delay, injury, or loss of either registered or ordinary correspondence for or from foreign countries, but it will, at the instance of senders or addressees, use the means at its command for the purpose of ascertaining the causes of such delay, injury, or loss, and preventing the recurrence thereof.

27. Where no special regulation is made relative to the transmission of correspondence, the domestic regulations will govern.

28. Letters conveyed in vessels not regularly employed in carrying the mails (commonly called "ship letters") are subject to double rates of domestic postage on delivery.

REGISTRATION.

By means of the United States Postal Agents at Panama and Aspinwall, and at Shanghai, China, letters may be registered to those places in direct mail.

Attention is called to the fact that, in many cases, as stated in the Table of Foreign Postage, other correspondence besides letters may be registered. The postage chargeable is that applying to the same class of correspondence sent in ordinary mail. Where no fee is given there can be no registration.

The "return receipt" used in the domestic mails is not to be attached to registered matter for foreign destinations, and the "return registered letter bill" should never be sent to the office of destination in a foreign country, but either to the distributing office or to the exchange office.

A "return receipt," accompanying a registered letter received from a foreign country, should be forwarded (whether delivery of the letter has been made or not) *direct to the United States exchange office which received it from abroad.*

In case of non-delivery, the fact and cause thereof should be stated on the return receipt before forwarding as above directed, and the letter itself should be sent *registered* to the Dead Letter Office, P. O. Dept., Washington, D. C.

The only post offices in the Argentine Republic to which registered correspondence may be sent are those mentioned in the subjoined list: —

MONEY-ORDERS.

Postal conventions for the exchange of money-orders have been concluded with the following foreign countries, viz: Switzerland, Great Britain and Ireland, Germany, Italy, and Canada.

The exchange of money-orders between the United States and each of the countries mentioned is effected through the agency of "International Exchange Offices," of which New York is the office on the part of the United States. Hence, an international money-order cannot be drawn by a postmaster in either country directly upon a postmaster in the other, but must be drawn upon the international exchange office.

The postmaster at any foreign money-order office in the United States — the same being designated by the Postmaster General — will furnish a blank form of application, on which the sender must enter all the particulars of the amount (in United States money), names, address, etc., and must state the *full name* and *exact residence* of the person to whom the order is to be made payable. The postmaster will then issue an international order on the postmaster at New York, giving all the particulars furnished in the application, and transmit the same together with the coupon.

The certificate attached to each order will, by the issuing postmaster, be given to the sender, the same serving as his receipt; but no "advice" will be issued, as in domestic money-orders, inasmuch as the order itself, instead of being delivered to the applicant for transmission, is forwarded directly to New York.

The postmaster at New York, upon receipt of a foreign money-order from a United States office, will certify the same to the foreign international exchange office, through which payment is then made to the proper party.

The coupon attached to the order will, by the postmaster at New York, be returned to the issuing office for the information of the sender, and will state the exact amount transmitted and other particulars.

As the value of gold varies in the United States, the postmaster at the issuing office must not fill up and cannot give the sender the *exact* value of the order in foreign money; but this must be left to the postmaster at New York.

Upon the receipt of a certificate from a foreign international exchange office, the postmaster at New York draws an international money-order on the foreign money-order office nearest to the residence of the person who is to receive the money, and the postmaster at the latter office notifies the person, who, on applying for the same, will, on due identification, receive payment and sign a receipt.

One pound sterling (£1) is equal in value to $4.86 in gold, and one thaler (German) is equal to 71 cents gold.

One dollar (gold) is equal to 5 francs 15 centimes (Swiss).

Note. — However light may be the weight of a packet of commercial papers or samples for the Postal Union, the postage thereon cannot be less in any case than 5 cents per packet of commercial papers, and 2 cents per packet of samples.

Note. — Correspondence for the Chinese cities of Pekin, Tien-Tsin, Kalgan, and Ourga, sent in the mails to Russia *via* Germany, is assimilated in all respects to correspondence addressed to Russia. Such correspondence should be marked "Via Russia."

Note. — Correspondence for other parts of Chinese Empire (including Formosa) where foreigners reside, sent *via* Hong Kong, is assimilated in all respects to that for Hong Kong, except that prepayment is obligatory and registration only effective as far as the Hong Kong Postal Agency nearest the place of destination.

Note. — Postal Union rates and conditions apply to British Indian offices in various Native States within the limits of Hindostan. To Kashmir, Ladakh (Little Thibet), and Cabul (Afghanistan), in Italian mail, the same rates apply, but prepayment is compulsory, and only to the British Indian frontier.

Note. — The Egyptian postal service has been extended to the following newly made offices in Soodan: Facher, Fachouda, Fazoglon, Gadaref, Karkough, Mousallemieh, Obeid, and Sennaar. To the following offices in Soodan only ordinary (unregistered) correspondence may be sent: Abou-Hamed and Matamme (principal agency Barbar); Amedib and Gallabat (principal agency Kassala); Chaka and Fodja (principal agency Obeid); Dara, Kobkabie, Kobe, and Kolkol (principal agency Facher); Debba (principal agency Dongola); Halfaie, Kana, and Om Dorman (principal agency Khartoum); and Senedit (principal agency Massaoua). The names of the principal agencies should be incorporated with the address on correspondence for the above offices.

RULINGS OF THE POST OFFICE DEPARTMENT.

FROM MARCH 1, 1879, TO JUNE 1, 1879.

FIRST-CLASS MATTER.

1. Any package so wrapped that its contents cannot be readily ascertained is subject to letter rates.

2. When packages are sealed postmasters must not under any circumstances open them, but must require letter postage thereon.

3. The rate of postage on a book agent specimen copy, with the names of subscribers written therein, is three cents for each half ounce or fraction thereof.

4. The attempt to inclose a letter in any matter subject to a lower rate of postage than for letters, renders the mailing party liable to a penalty of ten dollars.

5. Book manuscript is a term no longer used. Under section 215, L. & R. 1879, all manuscript is subject to letter postage, except such as may be accompanied with proof-sheets or corrected proof-sheets.

6. When a letter is delivered to the person named in the address the jurisdiction of the Department ceases; but in the event of any mistake being made as to whom a letter may be intended for, and the same be delivered to the wrong person, a postmaster should have such person proceed as directed in sections 291 and 292, L. & R. ed. 1879.

7. The forwarding of letters from one post office to another at the request of the parties addressed is confined exclusively to letters which have not been taken out of and away from the custody of the postal officials. When guests depart from a hotel leaving a request that their letters should be forwarded to some other office with the hotel proprietors, and not with the postmaster as should be done, the hotel proprietors should advise the postmaster, who should forward as requested.

SECOND-CLASS MATTER.

8. The fact that a publication is copyrighted is not conclusive evidence that it is mailable matter.

9. Printed matter mailed by other than a publisher or newsdealer is subject to postage at the rate of one cent for each two ounces.

10. Specimen copies of any *bonâ fide* second-class publication are now entitled to be sent in the mails at pound rates.

11. It is permissible to inclose bills in newsdealers' packages, provided the packages consist entirely of legitimate publications of the second class.

12. Dealers in publications of the second class are entitled to return unsold copies thereof at the pound rates, but must pay transient rates on all other matter.

13. Relative to various library publications of a literary character it has now been decided that they are matter of the second class, and entitled to be mailed at two cents per pound.

14. A periodical must be issued at stated intervals, and as frequently as *four times a year*, in order to be entitled to pass through the mails at the pound rates.

15. No objection is perceived to publishers of genuine publications of the second class printing the word "from" as a prefix to the matter to be printed on wrappers under the provisions of section 231, L. & R. ed. 1879.

16. The law does not require a publisher of any genuine publication of the second class to do his entire mailing at the pound rates on the day of issue, it simply requires that the copies offered must be intended for regular subscribers, or that they are sample copies.

17. Section 195, L. & R. 1879, is held to permit the sending of sample copies by newsdealers to other newsdealers and news-agents. The clear intent of the law is to place news-agents on the same footing, as to sample copies of second-class publications, as it does publishers.

18. Back numbers of either previous or current volume of a periodical may be sent by mail at the pound rates, when the conditions named in section 185, L. & R. ed. 1879, are complied with.

19. The fact that any publication which conforms to the requirement of section 185, L. & R. ed. 1879, changing from a monthly to a weekly issue, or from weekly to daily, or from daily to weekly, will not impair its rights to be sent in the mails as second-class matter, or to be transmitted free in the county.

20. Notice to a publisher that his publication is not taken out of the office should be sent at the end of thirty days. In case a publisher should incur pecuniary loss because of the failure of any postmaster to properly notify him that his publication was not taken out of the post office, such publisher must seek redress in the courts.

21. It is no part of the duty of a postmaster or his assistants to fold newspapers so that they can be placed in the boxes for delivery, and in case a publisher persists in sending them without being properly folded, after being notified to put them up so that they can be properly assorted and delivered, the postmaster would be justified in not distributing them with the regular mail.

22. Newsdealers have the right to mail publications of the second class to regular subscribers in or out of the county at the pound rates, but the newsdealers should furnish the postmasters at the office with a list of their subscribers, and under no circumstances can a newsdealer mail free in the county any copies of a publication which is not printed in whole or in part or published in the county in which he is located.

23. Sample copies of any legitimate publication of the second class are now entitled to pass in the mails at the pound rates. Several copies of different publications may be mailed in one wrapper to one address, but publishers should be careful that no third-class matter accompanies them, such as advertising sheets, separate advertisements, handbills, etc., and that nothing is printed or written on the wrappers, except as provided in section 231, L. & R. ed. 1879.

THIRD-CLASS MATTER.

24. Playing cards are subject to postage at third-class rates.

25. The rate of postage on printed cards is one cent for each two ounces.

26. All matter of the third class must be prepaid by stamps affixed to each package to one address.

27. "Printed cards" may now be sent in the mails, at the rate of one cent for each two ounces or fraction thereof.

28. A postmaster should not receive into his office as third-class matter any package which is closed against examination.

29. Specimen diplomas with names filled out in writing are subject to postage at the rate of one cent for each two ounces or fraction thereof.

30. Under the new law it is held that an "insurance policy" filled out in writing and inclosed in an unsealed envelope is third-class matter.

31. Envelopes with printed addresses, or cards printed on them, may be sent in the mails under the rules and rates governing third-class matter.

32. Books are third-class matter, and in case of single volumes may go without limit of weight; all other third and fourth class matter is limited to four pounds.

33. Printed blanks may be filled out in writing if not in the nature of a personal correspondence, and be sent at third-class rates.

34. A printed blank of any description with a signature attached in writing may be sent in the mails at the rate of one cent for each two ounces or fraction thereof.

35. Printed matter of any description other than second-class is now entitled to pass in the mails at the rate of one cent for each two ounces or fraction thereof.

36. Copies of matter produced by an "electric pen" which is not of the nature of personal correspondence are now entitled to pass in the mails at the rate of one cent for each two ounces.

37. Photographs and stereoscopic views are subject to postage at the rate of one cent for each two ounces, and may have their titles written thereon, without subjecting the package to any additional postage.

38. Engravings, heliotypes, lithographs, chromo-lithographs, and photographs, including stereoscopic views, are now entitled to be sent in the mails under the rules governing third-class matter. Postage one cent for each two ounces or fraction thereof.

39. Copies made by the "metalograph process" are clearly reproductions by means other than handwriting, and therefore, when not of the character of "actual and personal correspondence," such reproductions are entitled to pass as third-class matter.

40. Hand-bills may be sent in packages to one address at the rate of one cent for each two ounces or fraction thereof, but if addressed to a postmaster, to be delivered to different persons, the sender should affix to each separate package stamps sufficient to pay drop rate of postage at said office of delivery.

41. A college commencement programme may have the name and address of the person to whom sent written in the body thereof, and the sender's name may be written thereon, or it may be written on a card to accompany the package, and be sent at third-class rates.

42. Prospectus books, with blanks bound therein for use of agents obtaining names of subscribers, are entitled to be sent in the mails from publishers to agents at the rate of one cent for each two ounces or fraction thereof; when being returned with subscribers' names written therein, the rate will be three cents for each half ounce.

43. When packages of third-class matter, except transient newspapers, are deposited in a mail car without the knowledge of the mail agent, they should be turned over to the next post office on the route, and if the postage has been properly prepaid thereon, the postmaster at such post office should forward such packages to the destination; but if not fully prepaid, the postmaster should send them to the Dead Letter Office.

44. When circulars are sent in bulk from one post office to another with the intention of having them distributed through the boxes or general delivery of the post office to which they are addressed, they should be paid for in full at the mailing post office at the rate of one cent for each ounce or fraction thereof, and in addition to such prepayment, the postmaster at the post office of delivery must be furnished with postage sufficient to pay the drop rate on each circular, but addresses may be put on the inside packages.

FOURTH-CLASS MATTER.

45. Fourth-class matter may be registered under the regulations governing the registration of third-class matter.

46. All mail-matter of the third and fourth classes must be prepaid in full in postage stamps at the post office of mailing, or the same shall not be forwarded.

47. Additions with a hand stamp on any description of third or fourth-class matter are admissible, and will not subject the package to any additional charge for postage.

48. "Spectacles" and "eye-glasses" may be transmitted in the mails as fourth-class matter when the packages conform to the requirements of section 48 in supplement of the Post Office Gazette for May, 1879. Section 223, L. & R. ed. 1879.

49. There is no objection to third and fourth-class matter being mailed together in the same package, provided the entire package is prepaid at the higher rate for fourth-class matter, that is, one cent for each ounce or fraction thereof.

50. Samples of merchandise come under the head of fourth-class matter, and may be accompanied with price marks, either printed or written, without subjecting them to a higher rate of postage than one cent for each ounce or fraction such matter must, however, be sent in unsealed packages to be entitled to pass at the said rate.

51. "Patterns" cut from paper or marked out on paper with pen, pencil, or brush may now be sent in the mails as fourth-class matter, at the rate of one cent for each ounce or fraction thereof.

POSTAL CARDS.

52. A postal card when it has anything written, printed, or stamped on the side intended for the address, becomes unmailable as a postal card.

53. A postal card which has not been out of the custody of the postal officials may be forwarded at the request of the party named in the address to another post office, without additional charge for postage.

FREE COUNTY PUBLICATIONS.

54. Nothing in the Act of March 3, 1879, can be so construed as to permit "sample copies" of any publication to be mailed free in the county where the same is printed or published; they must be prepaid at the rate of two cents for each pound.

55. A subscriber to a newspaper, in order to receive it free, must live in the county in which it is printed in whole or part and published: his post office need not be in the same county.

56. Postmasters at other than letter-carrier post offices are obliged to receive and deliver local (free county) publications of the second class from the boxes or general delivery of their post offices free of postage, provided the same are properly dried, folded, and addressed.

FRANKED MATTER.

57. A member of Congress may send a bulk package of franked packages to one address, and the party addressed may take the bulk packages out of the post office, put addresses on inside packages, and return them for delivery from said post office or to be sent in the mails. A franked package may be forwarded the same as prepaid matter.

58. Section 16, Act March 3, 1879 (Pub. 98), is as follows: "That the superintendent (of the census), his chief clerk, supervisors, and enumerators are hereby authorized to transmit through the post office any paper or document relating to the census, by writing thereon, 'Official Business — Census,' and subscribing the same, with the addition to his name of his official title. But this privilege shall extend to nothing but documents and papers relating to the census, which shall pass free. And any superintendent, supervisor, enumerator, or clerk who shall use or exercise this privilege for any purpose other than the legitimate discharge of the duties of his office shall be deemed guilty of a misdemeanor, and upon conviction shall forfeit for each offense a sum not exceeding one hundred dollars."

REGISTERED MATTER.

59. Postmasters and their employees are forbidden to address a registered package for the sender, to place contents therein, or to seal a letter, or affix stamps; this must in all cases be done by the sender; but they must not fail to see that the stamps cover the full amount of postage and registry fee, as when registered matter is received at a post office for delivery not having the necessary stamps affixed to cover the postage and fee, it is not to be rated up for collection from the person addressed, but must be delivered without any charge. The postmaster receiving such package will report to the Third Assistant Postmaster General the additional amount of stamps which should have been affixed and the same will be *collected from the postmaster who received the package* or letter for registration and forwarded it without the necessary postage stamps affixed, as required by law. In other words, under the new regulations the guilty postmaster and not the innocent addressee will suffer if registered matter is forwarded without the evidence of prepayment required by law.

60. When matter inclosed in official penalty envelopes is registered, the registry fee must be paid in stamps either official or ordinary.

UNMAILABLE.

61. Packages known to contain indigo blue should not be received into the mails.

62. The Department cannot consent to postmasters receiving into the mails any package known to contain ointment.

63. The carriage of flour and other powdered substances in the mails in paper boxes or envelopes has been thoroughly tested and found impracticable, but they may be carried if presented under the conditions prescribed in section 223, L. & R ed. 1879.

64. Postmasters are not supposed to be able to determine the contents of any sealed package offered for mailing, but in the event of any sealed package becoming so broken in transit as to expose the fact that its contents consisted of unmailable matter, it would be the duty of any one handling the mails to withdraw it therefrom.

65. Articles of the fourth-class which, unless properly secured, might destroy, deface, or otherwise damage the contents of the mail-bag, or harm the person of any one

engaged in the postal service, may be transmitted in the mails when they conform to the following conditions: —

1st. They must be placed in a bag, box, or removable envelope made of paper, cloth, or parchment.

2d. Such bag, box, or envelope must again be placed in a box or tube made of metal or some hard wood, with sliding, clasp, or screw lid.

3d. In case of articles liable to break, the inside box, bag, or envelope must be surrounded by sawdust, cotton, or spongy substance.

4th. In case of sharp-pointed instruments, the points must be capped or encased, so that they may not by any means be liable to cut through their inclosure, and where they have blades, such blades must be bound with wire, so that they shall remain firmly attached to each other.

5th. The whole must be capable of easy inspection. Seeds, or other articles not prohibited, which are liable, from their form or nature, to loss or damage, unless specially protected, may be put up in sealed envelopes, provided such envelopes are made of material sufficiently transparent to show the contents clearly, without opening.

In requiring parties to conform to the second condition in this regulation, postmasters must bear in mind that the Department has approved of several kinds of packages (see United States Official Postal Guide, No. 19, ruling 48, and Guide No. 18, ruling 54) for the purpose, and whilst parties are not compelled to use such already approved packages, they must be careful not to admit flour, sugar, sharp-pointed instruments, etc., into the mails except in packages fully as secure as the aforesaid approved packages.

MISCELLANEOUS.

66. The delivery of all descriptions of mail-matter must be to the person addressed, or according to his order.

67. No postmaster, assistant postmaster, or clerk employed in a post office shall be a contractor, or concerned in any contract for carrying the mails.

68. A postmaster is not prohibited from holding the office of notary public, provided the faithful discharge of his duties is not thereby interfered with.

69. Private citizens must prepay postage with the ordinary postage stamp on all mail-matter which they may desire to have sent in the mails, no matter to whom it may be addressed.

70. If any number of citizens employ an agent, and give him an order on the postmaster for their mail, it is the duty of the postmaster to deliver the mail of such persons to the named agent. This ruling does not apply to letter-carrier post offices.

71. Post offices and their immediate surroundings must be kept free from disorderly persons, loungers, loafers, etc., and postmasters should call upon the civil authorities for aid when necessary to preserve order.

72. The fact that a mailing postmaster has failed to rate up any package forwarded by him, upon which additional postage is legally due, does not relieve the delivering postmaster from collecting the amount due.

73. A letter deposited in any post office, addressed to any of the Executive Departments of the Government or head of a bureau therein, having an official postage stamp affixed of proper denomination, should be forwarded in the mails.

74. The new regulations requiring all postmasters, at offices of the fourth class, to col-

lect not more than one quarter's box rent in advance, will, after June 30th, apply to all postmasters at all offices, and no exception thereto will be made.

75. An alien may be appointed postmaster or assistant postmaster, provided he has declared in proper form his intention to become a citizen of the United States, and can take the oath as provided in section 24, page 38, Postal Laws and Regulations, ed. 1879.

76. There is no provision in the United States statutes under which mail carriers are authorized to carry arms for the protection of the mail. They must be governed by the law of the State or Territory in which they perform service.

77. Government stamped envelopes, having one address obliterated, and another substituted, are not unmailable, provided, of course, that the stamp thereon has no appearance of ever having been canceled or the envelope of ever having been sealed and reopened.

78. Postmasters must not include the official "penalty envelopes" in their account of stamps canceled. They are entitled to include official postage stamps, but there is no provision in the law which would permit the count of any matter not having a postage stamp of some denomination affixed thereto, or impressed thereon, so that it may be canceled.

79. The weight of packages to be sent in the mails is as follows: First class, no limit; second class, no limit; third class, four pounds, except in the case of single volumes of books weighing in excess of that amount, and documents, published or circulated by order of Congress, or official matter emanating from any of the Departments, or from the Smithsonian Institution; fourth class, four pounds.

80. There is nothing in the law to prohibit the carrying of second, third, or fourth class matter outside the mails, but if the packages should be put in a post office for delivery, full postage rates must be charged and collected thereon. To carry letters outside of the mails unless they are inclosed in United States stamped envelopes, subjects the offender to a penalty of one hundred dollars.

81. It is not expected that any person accepting the position of postmaster at any office, the revenues of which afford but a small sum as salary, should give up a legitimate business to do so, and there is nothing in the postal laws to prohibit postmasters from advertising their private business in newspapers, etc., or in so doing to use their official title of postmaster, though the Department prefers the omission of this latter feature.

82. Government officials, in their observance of holidays, must be governed by the regulations of the departments with which they are connected. Postmasters would be justified in observing as holidays January 1st, July 4th, December 25th, and such days as the President of the United States may designate as fast and thanksgiving days. Upon other occasions they should write to the Department for permission to close. In observing holidays they should be governed by section 525, L. & R. ed. 1879, relative to Sunday.

83. Postmasters and all others in the service are forbidden to furnish information concerning mail-matter received or delivered, except to the persons to whom it is addressed, or their authorized agents. The messages on postal cards must not be read, except when necessary to facilitate their delivery, or for the purpose of determining if the same are unmailable by reason of the presence of obscene words or pictures thereon, nor made known to others. Postmasters may, when the same can be done without interference with the regular business of the office, furnish to officers of the law, to aid them in discov-

ering a fugitive from criminal justice, information concerning post-marks and addresses of letters, but must not delay or refuse their mail to the persons addressed.

84. All letters upon which *one full rate* of postage has been prepaid shall, and *all other fully prepaid* matter may, be forwarded, at the request of the party addressed, without additional charge for postage.

85. Under the provisions of section 251, P. L. & R. ed. 1879 (section 29, Act March 3, 1877), the Department holds that communications addressed by an officer of the government to a private individual, when inclosed in the official penalty envelope, provided by section 250, P. L. & R. ed. 1879 (section 6, Act March 3, 1877), may be transmitted in the mails free of postage, when bearing the indorsement required under sections 249 and 251, P. L. & R. ed. 1879 (section 5, Act March 3, 1877). Provided, however, these envelopes bear such distinctive marks as indicate that they have been furnished by one of the Executive Departments of the United States.

86. Under the statute regulating the unlawful carriage of mail-matter by private expresses, the Post Office Department does not insist upon the right to prohibit the carriage of manuscript intended for publication in any printed form, otherwise than in the mail, when unaccompanied by any matter in the nature of a personal correspondence.

IMPORTANT NOTICE TO POSTMASTERS.

The attention of postmasters is called to the following new regulations which will appear in the volume of Laws and Regulations soon to be issued: —

Sec. 196. ADMISSION OF NEW PUBLICATIONS TO SECOND-CLASS RATES. — A temporary permit, *in writing*, shall be granted by a postmaster to a publication when the first issue of the same shall be presented, accompanied by an affidavit from the publisher thereof that the publication is published for the purposes named in section 185, unless the postmaster shall be satisfied from internal evidence furnished by the publication itself that it comes within the proviso of that section. When such temporary permit shall be granted, the publication shall be entitled to pass in the mails at the rate of two cents per pound or fraction thereof. Such temporary permit shall be revoked by the postmaster in case the publication shall have so changed its character as to make it no longer within the conditions named in section 185. A duplicate of such temporary permit shall be forwarded to the First Assistant Postmaster General whenever issued.

Sec. 199. ENTRY OF SECOND-CLASS PUBLICATIONS. — After a publication has been determined to be of the second class, the publisher thereof may, if he desire, formally enter the same at the post office where mailed, and print upon each copy thereof the words, "Entered at the post office at ——— as second-class matter." Publications so entered, and having printed upon each copy the words of entry, may be exchanged at second-class rates, with other second-class publications, and may beregularly sent at second-class rates, as complimentary, to customers or business agents of the publication, and to other persons solely in the interest of the publication itself or of its publishers or employees as such. The formal entry will consist in a written notification of the publisher's desire to the postmaster, who will forward a copy of such entry to the First Assistant Postmaster General. The unauthorized printing by a publisher of the words of entry herein prescribed, or their equivalent, will render him liable to the penalty prescribed in section 197. Postmasters should take pains to call the attention of publishers to this section, and invite them to enter their publications as herein set forth.

The following forms are prescribed by the Department for Temporary Permits and Formal Entry which may be written or printed, to wit: —

Postmasters are specially enjoined to examine the circular of the Third Assistant Postmaster General respecting the use of the Postage Due Stamps to be found below. The law is plain and specific as to their use, especially that provision that prohibits them being sold to the public, or received for prepayment of postage. The Department will regard any violation of the terms of this circular as good grounds for the removal of the offending postmaster.

Postmasters will be expected to read carefully the "Special Instructions to Postmasters" to be found upon pages 29, 30. As they have been entirely re-written, postmasters must familiarize themselves with the various provisions thereof, and will then be expected to follow them out to the letter.

SPECIAL STAMPS FOR POSTAGE DUE.

POST OFFICE DEPARTMENT,
OFFICE OF THE THIRD ASSISTANT POSTMASTER GENERAL,
DIVISION OF POSTAGE STAMPS, STAMPED ENVELOPES, AND POSTAL CARDS,
WASHINGTON, D. C., *May* 5, 1879.

By sections 26 and 27 of the act of Congress "making appropriations for the service of the Post Office Department for the fiscal year ending June 30, 1880, and for other purposes," approved March 3, 1879, it is made the duty of postmasters to affix to all mail-matter that has arrived at destination without full prepayment of postage, and before delivery of the same, an amount of stamps equal to the postage due — the stamps to be of such special design as the Postmaster General may direct.

To avoid any confusion in the accounts of postmasters with the Auditor, and on account of the length of time necessary to prepare for the change contemplated by the above sections in the mode of collecting and accounting for short-paid postage, it has been decided *to have the same go into practical operation on the 1st of July next.* The Department, however, *will begin issuing, some time during the present month,* in anticipation of the wants of postmasters, special stamps for the collection of postage due, of the denominations of 1, 2, 3, and 5 cents, and of the following general description: A large figure, representing the denomination, is placed in the centre of the stamp, and is surrounded by an oval of very delicate lathework. On the upper border of this oval the words "Postage Due" are printed in white letters; on the lower border is the denomination, in letters of the same kind; on either side of the oval are the letters "U. S." in small white shields. Around the oval is a form of complex character, described upon an oblong tablet. The general design is the same for all the stamps, the only difference being in the figures and lettering for the several denominations. *The color of all is the same — a reddish brown.*

These stamps are intended exclusively for the collection of postage due on matter arriving at destination through the mails, and are to be used in combination wherever required to cover unusual amounts of postage. They are to be canceled in the customary way after being attached to mail-matter, and *are never to be sold or received by postmasters for prepayment of postage.*

Postmasters must distinctly understand that these stamps are not to be used until the 1st of July, 1879.

A supply of them will be sent at first to all post offices in advance of requisitions from postmasters, and charged to their account; but afterwards they must be ordered on blank forms (No. 3285) to be furnished by the First Assistant Postmaster General. With the first supply of stamps, however, blank requisitions for future use will be inclosed.

The stamps will be accounted for to the Auditor the same as other stamps, and will enter into the monthly report of stamps, etc., received, sold, and on hand, required by the Regulations to be made by postmasters at presidential offices to the Third Assistant Postmaster General.

A. D. HAZEN,
Third Assistant Postmaster General.

NOTE. The Laws and Regulations governing the use of postage due stamps will be found on pp. 89, 90 (sections 270-274), new edition P. L. & R., which will shortly be in the hands of all postmasters.

REGULATIONS CONCERNING SPECIAL REQUEST ENVELOPES.

CIRCULAR TO POSTMASTERS.

POST OFFICE DEPARTMENT,
OFFICE OF THE THIRD ASSISTANT POSTMASTER GENERAL,
WASHINGTON, D. C.

The law provides "that no envelope, as furnished by the government, shall contain any lithographing or engraving, and no printing except a printed request to return the letter to the writer," in conformity to which provision the "Regulations respecting Special Request Envelopes" have been modified as follows, viz:

1. No order is to be taken on credit except at the postmaster's own risk, and in no case for less than 500 of any specified denomination bearing the same printing.

Special Request Envelopes must, in all instances, be ordered on the blank form furnished by the Department (No. 51 *b*).

2. *Special devices* and the *address of correspondents* will not be printed under any circumstances whatever, and no envelopes will be ruled or black-lined.

3. The printing of cards and requests *across the end* has been discontinued. In future they will be printed on the *upper left-hand corner* only.

4. Business avocations or employments will be excluded from cards and requests. The name of the writer only should be given, without any reference to his occupation.

5. Should it be desired to leave in blank the post office address of the party to whom the envelopes are to be made returnable, it must be so stated.

6. When the name and post office address only are desired, without a request to return, the order must so specify. By law all letters bearing the name and address of the writer on the envelope are required to be returned if not delivered within thirty days.

7. No variations will be made in the *style of type*, the *color of ink*, or the *form of request*, adopted by the Department; neither will cards or requests be surrounded by borders of any kind.

8. If possible, a printed card should always accompany the order; if not, the matter desired to be printed must be plainly written, in order that mistakes may be avoided.

9. Envelopes that may be refused on account of a misprint that has occurred through no fault of the Department will, if returned, be treated as spoiled in directing, and only the value of the postage on the same be placed to the credit of the postmaster by whom they were ordered.

10. Envelopes of the first quality, except the note and extra official sizes, will be fur-

nished of either white or amber color, as may be preferred. In the absence of any instructions to the contrary, they will be supplied in equal proportions of white and amber.

Envelopes of the second quality will be of cream color only; and of the third quality, blue only.

Of the note and extra official sizes only the first quality will be furnished, which will be of white.

11. Cards or requests will *not* be printed on *newspaper wrappers*, or on *envelopes* for *covering circulars*.

CARDS and REQUESTS must be limited to the following matter, or so much thereof as may be desired, to wit: *First.* The *name of the writer*, whether individual, firm, company, or corporation. *Second.* The *post office address*, including number and name of street, name of city or town, county and state. *Third.* A request to return if not delivered within a given or blank number of days, as: "Return to Jacob Williams, Providence, R. I., if not delivered within 10 days."

The occupation of the writer, as "merchant," "claim agent," "attorney at law," "dealer in dry goods, groceries," etc., etc., must be rigidly excluded.

This prohibition does not, however, apply to cases in which an employment may be indicated by a corporate name, or by the usual style of an individual, firm, or association, as "Baltimore and Ohio Railroad," "Treasurer's Office, Erie Canal," "Washington Lime and Cement Co.," which may be printed as the name of the writer; but the name of any individual or individuals will not be printed apart from and in addition to such recognized business appellation. The Department must also exclude such names as "Law Office of John Brown," "Henry Smith's Store," etc. No requisition will be filled that may in this manner attempt to secure envelopes containing the occupation or business of the party for whom they are ordered.

Any order in conflict with these regulations that may be received at the Department on and after this date *will be returned unfilled.*

It must be understood that the provision of law quoted restricts the action of the Department only, and does not, of course, prevent parties from having stamped or other envelopes purchased by them printed in any manner they may desire, at their own expense.

A. D. HAZEN,
Third Assistant Postmaster General.

SALES OF IRREGULAR QUANTITIES.

In making sales of envelopes and wrappers in quantities other than as above set forth, it is expected that postmasters will evince a proper spirit of accommodation, but they are not required to lose the fractions of a cent; and if a postmaster cannot make change, the purchaser must tender the exact amount for the number required.

STAMPED ENVELOPES AND NEWSPAPER WRAPPERS SPOILED IN DIRECTING.

The *postage* on stamped envelopes and newspaper wrappers spoiled in directing will be refunded in stamps by a postmaster, if satisfied they have never been sent by mail, and that the misdirection actually occurred at the place where the redemption is claimed; also, provided that such envelopes shall be presented in a whole condition. (See sections 398 and 400, Postal Regulations of 1873.)

SPECIAL-REQUEST ENVELOPES.

When ordered in quantities of five hundred and upward, of any specified denomination, the Department will, if desired, print on the upper left hand corner of any of the above described envelopes, except Nos. 4, 6, and 9 (circulars and newspaper wrappers), *without additional charge*, the NAME (*excluding business employment*), and POST OFFICE ADDRESS of parties, WITH A REQUEST TO RETURN, if unclaimed within a given time. These are officially designated as *Special-Request Envelopes;* AND PARTIES MUST IN ALL CASES ORDER THEM THROUGH POSTMASTERS, AND NOT BY DIRECT APPLICATION TO THE DEPARTMENT.

A. D. HAZEN,

Post Office Department, January 1, 1879 — *Third Assistant Postmaster General.*

ACT OF CONGRESS APPROVED MAY 17, 1878.

SECTION 2. Hereafter no sub-letting or transfer of any mail contracts shall be permitted without the consent in writing of the Postmaster General; and whenever it shall come to the knowledge of the Postmaster General that any contractor has sub-let or transferred his contract, except with the consent of the Postmaster General as aforesaid, the same shall be considered as violated, and the service may be again advertised as herein provided for; and the contractor and his securities shall be liable on their bond to the United States for any damage resulting to the United States in the premises.

SEC. 3. Hereafter when any person or persons being under contract with the Government of the United States for carrying the mails, shall lawfully sub-let any such contract, or lawfully employ any other person or persons to perform the service by such contractor agreed to be performed, or any part thereof, he or they shall file in the office of the Second Assistant Postmaster General a copy of his or their contract; and thereupon it shall be the duty of the Second Assistant Postmaster General to notify the Auditor of the Treasury for the Post Office Department of the fact of the filing in his office of such contract. Said notice shall embrace the name or names of the original contractor or contractors, the number of the route or routes, the name or names of the sub-contractor or sub-contractors, and the amount agreed to be paid to the sub-contractor or sub-contractors. And upon the receipt of said notice by the Auditor of the Treasury for the Post Office Department, it shall be his duty to retain, out of the amount due the original contractor or contractors, the amount stated in said notice as agreed to be paid to the sub-contractor or sub-contractors, and shall pay said amount, upon the certificate of the Second Assistant Postmaster General, to the sub-contractor or sub-contractors, under the same rules and regulations now governing the payments made to original contractors: *Provided*, That upon satisfactory evidence that the original contractor or contractors have paid off and discharged the amount due under his or their contract to the sub-contractor or sub-contractors, it shall be the duty of the Second Assistant Postmaster General to certify such fact to the Auditor of the Treasury for the Post Office Department; and thereupon said Auditor shall settle with the original contractor or contractors, under the same rules as are now provided by law for such settlements.

RESPECTING THE CONSTRUCTION OF THE TERM "PRINTED COMMERCIAL PAPERS FILLED OUT IN WRITING," AS USED IN SECTION 232, POSTAL LAWS AND REGULATIONS, EDITION OF 1879.

WASHINGTON, D. C., *June* 26, 1879.

SIR, — In reply to your communication of the 25th inst. respecting the construction of that part of section 232 of the "Postal Laws and Regulations," edition of 1879, defining negatively personal correspondence, which reads as follows: "To all printed commercial papers filled out in writing, such as papers of legal procedure, deeds of all kinds, way-bills, or bills of lading, invoices, and the various documents of insurance companies, circulars, hand-bills, etc.," I have to say that the desire of the Department in framing regulations under the new law for the classification of mail-matter has been to make the domestic regulations, as far as possible, conform to those adopted in the Convention of Paris for the Universal Postal Union; and the wording of that part of the section quoted above is nearly identical with paragraph 1, article XVI. of the detailed regulations of that convention, with the exception, that under our regulations the word printed had to be used as a qualification of commercial papers, inasmuch as section 8 of the Act of March 3, 1879, defines matter wholly in writing as subject to letter rates of postage.

Under article XVII. of the Postal Union Regulations, paragraph 2, it is provided as follows: "The following are excluded from the reduced postage, viz: Stamps or forms of prepayment, whether obliterated or not, as well as all printed articles constituting the representative sign of a monetary value;" and the former letter to you from the Department, to which you refer, was based upon that provision. This proviso will form the basis of all rulings of the Department upon the character of commercial papers submitted to it for decision. In further explanation I would say that a printed promissory note or an insurance policy filled out ready for signature may be mailed as third-class matter, but when they have been finally executed, or countersigned by the signature of the person who finally approves them, so that they become the representative of a monetary value, they are subject to letter rates of postage, as being in the nature of purely personal correspondence between the two parties interested. The same rule will apply to other printed commercial papers, such as drafts, checks, etc., and as to deeds, bonds, etc., whether drawn by public functionaries or private parties. A partly printed bill filled out in writing may be sent as third-class matter, but when receipted can only be admitted to the mails at letter rates of postage. The written matter under the head of remarks upon the various documents of insurance companies must be confined strictly to the subject-matter of the document. Within the scope of this explanation the Department cannot perceive how postmasters can mistake their duty respecting the admission of these commercial papers to the mails.

The Department does not share the apprehensions expressed by you of a decrease in the revenues consequent upon the adoption by Congress, in response to an almost universal demand from the press and the people, of a more liberal postal policy. Similar apprehensions were entertained and freely expressed, that the introduction of postal cards would materially reduce the revenues of the Department from letter postage. For the year ending June 30, 1872, just

prior to the introduction of postal cards, the sale of postage stamps amounted to $15,840,649. For the year ending June 30, 1873, the revenue from the stamps sold was $16,681,189, and from postal cards $310,940. For the year ending June 30, 1874, the first entire year in which postal cards were used, the revenue from postage stamps was $17,275,242, and from postal cards $910,790.

From the last report of the Postmaster General it appears that during the fiscal year ending June 30, 1878, the receipts from postage stamps were $19,468,618, and from postal cards $2,006,300; thus showing that the use of letters has been increased rather than decreased since the introduction of postal cards, and that these latter have created a demand for their use for special purposes in addition to, rather than instead of, letters. In fact, the whole history of postal legislation in this country and abroad shows that any reduction in the rate of postage or liberalizing of the postal regulations in the interest of the people, is always sure to result in an increased use of the mails by the people, and a consequent increase of the revenues of the Department, premising, of course, that the rate of postage should never be reduced below the actual cost of *distribution* and *dispatch transportation*, and protection. It is not believed that the Department does incur any loss in the transportation of mail-matter at third-class rates, viz: one cent for each two ounces, or eight cents per pound. In view of the fact that parties interested in the transporting of packages for hire have recently protested against this liberalizing policy of the Department, respecting the rates for the transportation of third-class matter, it might be fair to assume that there was some profit in it.

I see no reason why the Post Office Department, more than the Army and Navy or any other department of the government, should be conducted for the purpose of making money. It is supported by the money of the people, and the people have the right to demand from it the utmost facilities at the lowest possible cost, either in the rate of postage or in taxes for its support.

Holding these views, wherever it shall appear that the revenues of the Department are exceeding its expenses, I should recommend a still further reduction in the rates of postage, and a more liberal classification of mail-matter, so as to place our domestic postal system in entire harmony with that of the Universal Postal Union.

Very respectfully,

D. M. KEY,
Postmaster General.

HON. THOS. L. JAMES, *Postmaster*,
New York, N. Y.

It is carefully revised and corrected every three months, and the numbers appear quarterly, on the first days of October, January, April, and July Each number contains

An Alphabetical List of all the Post Offices in the United States, with County, State, and Salaries of Offices of the first, second, and third classes.

THE NEW CLASSIFICATION BILL,

Approved March 3, 1879, which makes important changes in the classification of mail-matter, and consequently in rates.

☞ ALL POSTMASTERS ☜

Are authorized Agents for the receipt of Subscriptions to the POSTAL GUIDE. They are requested to procure or allow a clerk to procure orders for the* APRIL *Number, which is one of peculiar importance.

TERMS:

SINGLE COPY, 50 CENTS. YEARLY SUBSCRIPTION, $1.50.

If the Guide were more extensively read by the business men of the country, there would be fewer complaints against the Postal Service. I regard it as a necessity to a right understanding of the Postal Laws and Regulations, and cheerfully commend it to the business public. THOS. L. JAMES, *Postmaster.*

The Publishers recommend subscribers to remit through the Postmaster in their town or city, who will promptly forward their names and money without risk or expense to them.
